## CARNAL CAMERA

Their situation is common in Los Angeles, where new folks arrive every day, hoping to break into the entertainment industry: First Becky, then Lori, moved into Jake's apartment as a roommate. Their relationship was purely economic. Rents in L.A. are notoriously high, so Jake needed two people to share the rent, while Becky and Lori were desperate to find a place to live. But after several months, both girls were having trouble with the rent, so Jake had to make up the difference. That prompted Becky to tell Lori, "Look, we're not carrying our weight here. Maybe it's time we gave Jake a little reward for helping us out with the rent. Let's give him a party he won't forget anytime soon."

*It's like Three's Company when Skip's beautiful roommates celebrate his birthday with a sex party. He didn't know our photographer was there, too!*

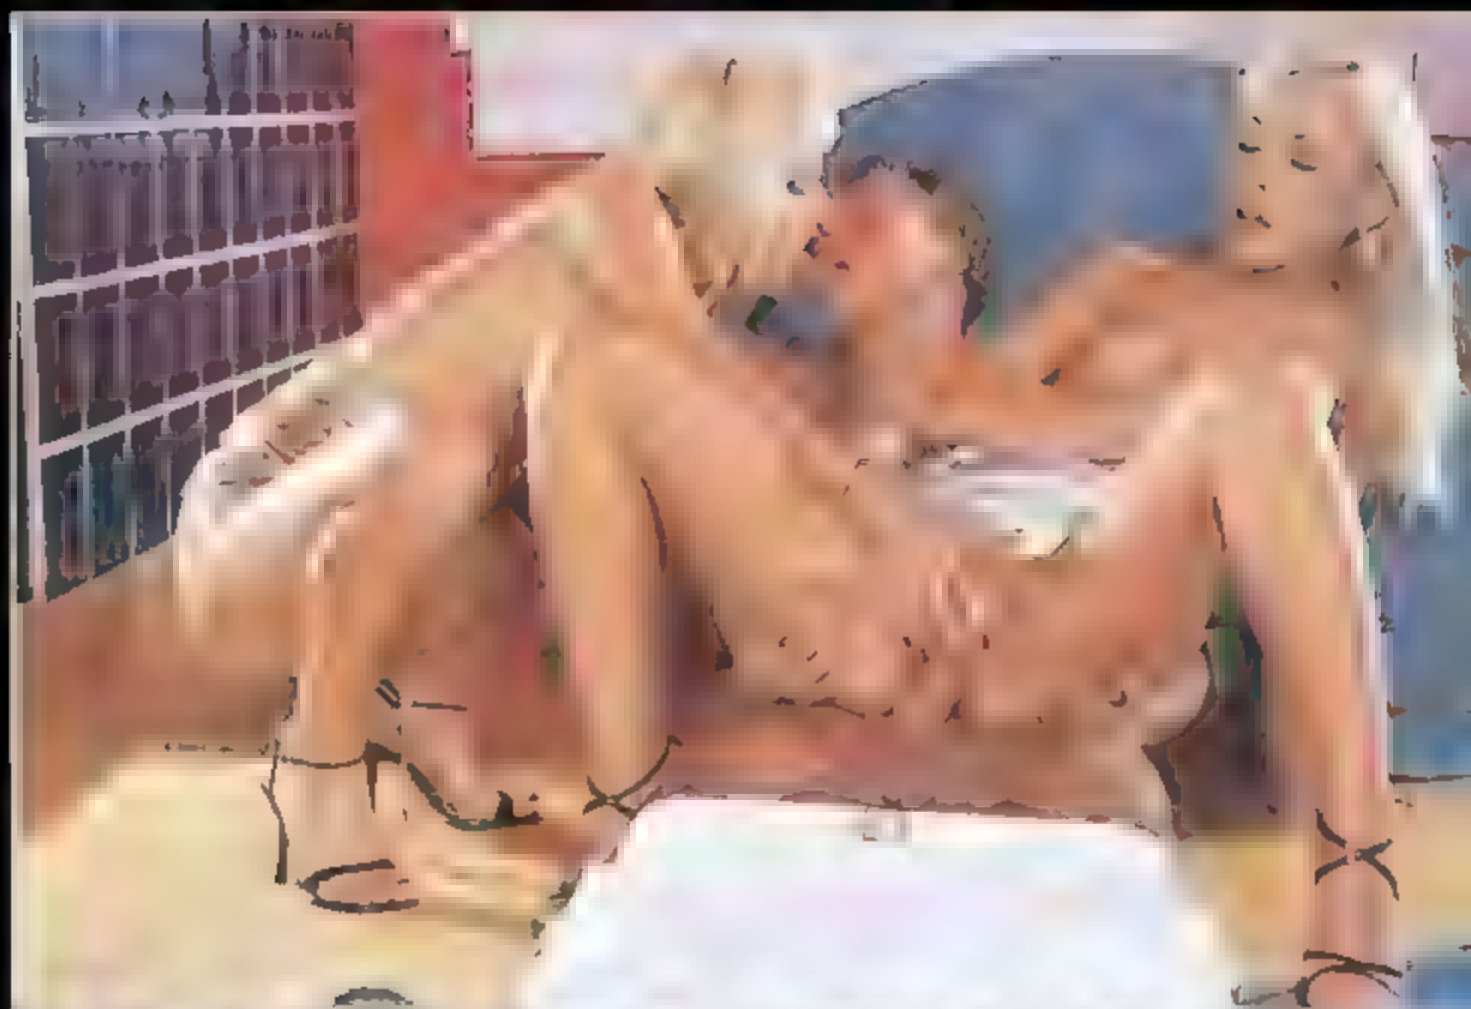

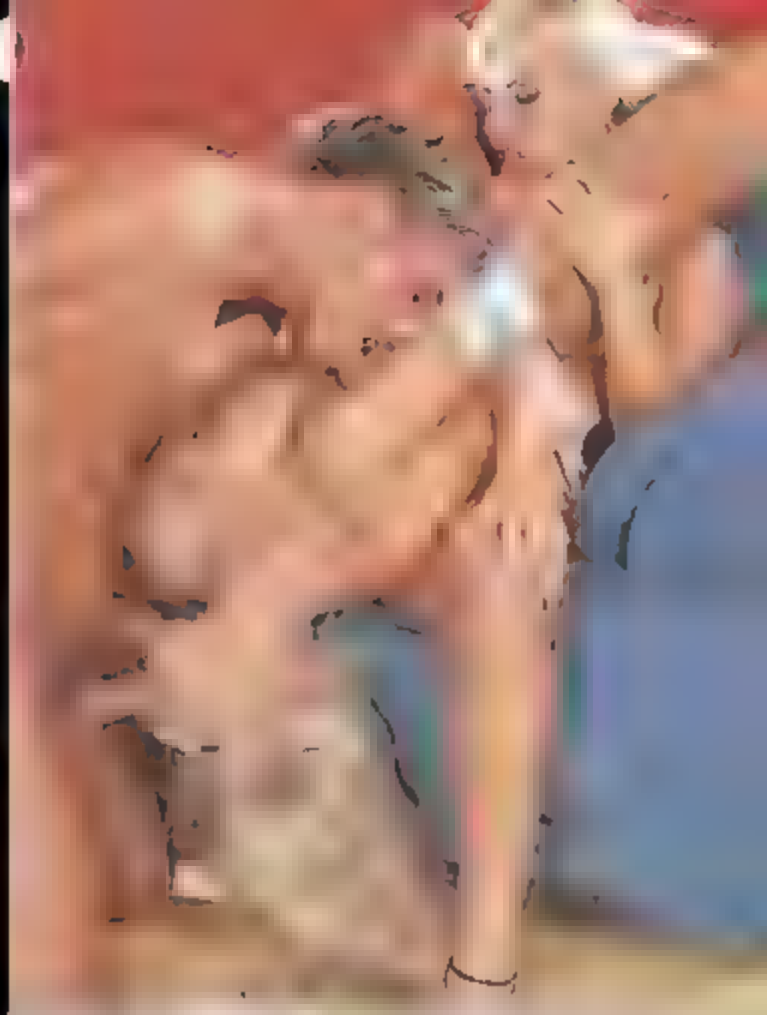

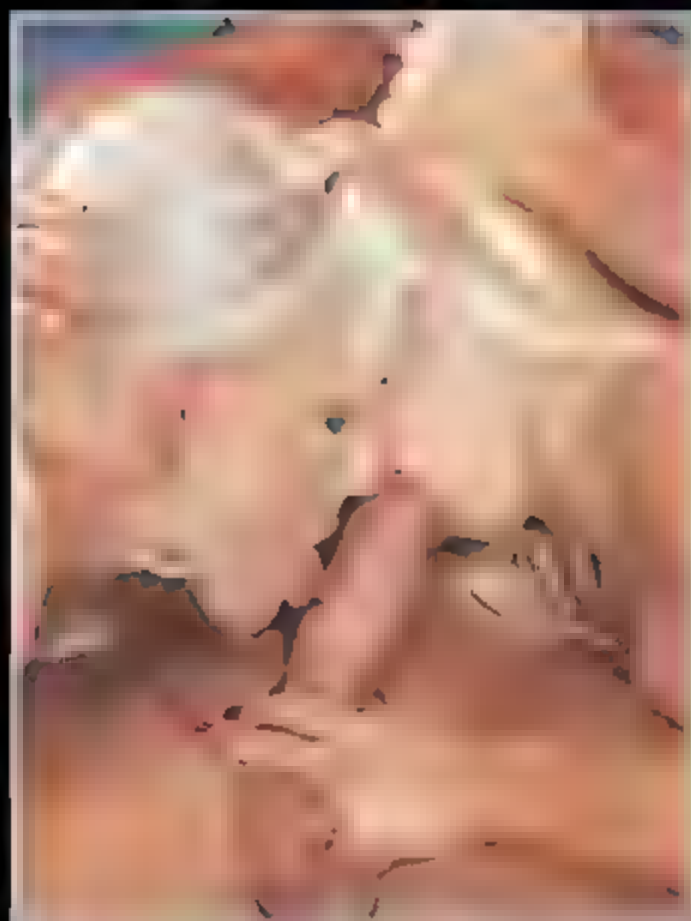

But no party is complete without a photographer to capture the event for posterity, so Becky and Lori hired our roving lensman for the job. "We want this to be a surprise," they told him, "so at first we want you to hide and take pictures without him knowing about it. Don't step out until we give you the word." So that evening, when Jake came home and took a shower, the girls were waiting for him in the living room, with a cake and a party invitation he couldn't resist!

***And our roving photographer was lurking in an adjacent, darkened room, his camera loaded with high-speed film, ready to capture all the sexual fun!***

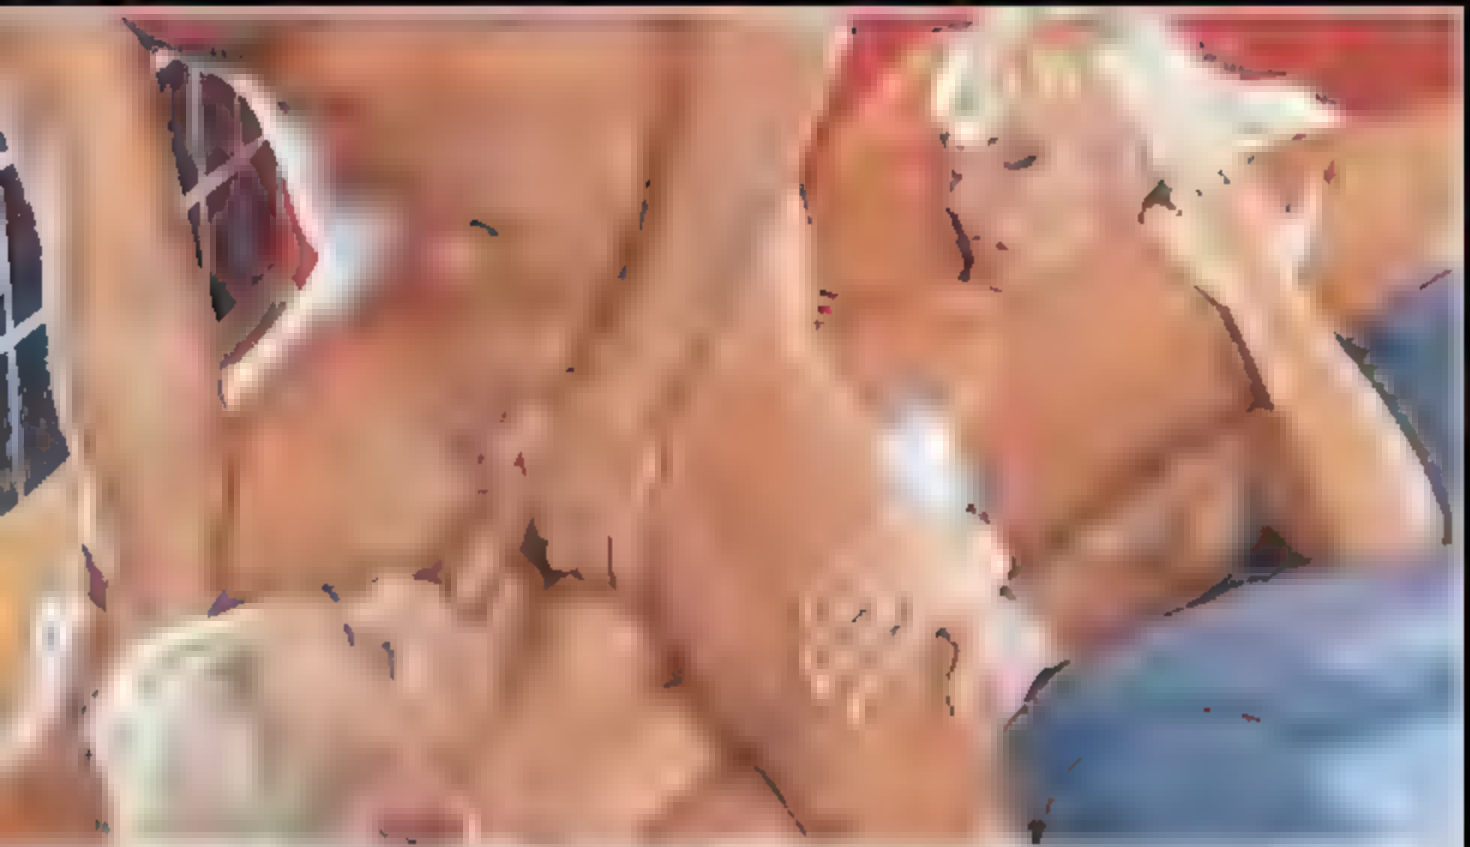

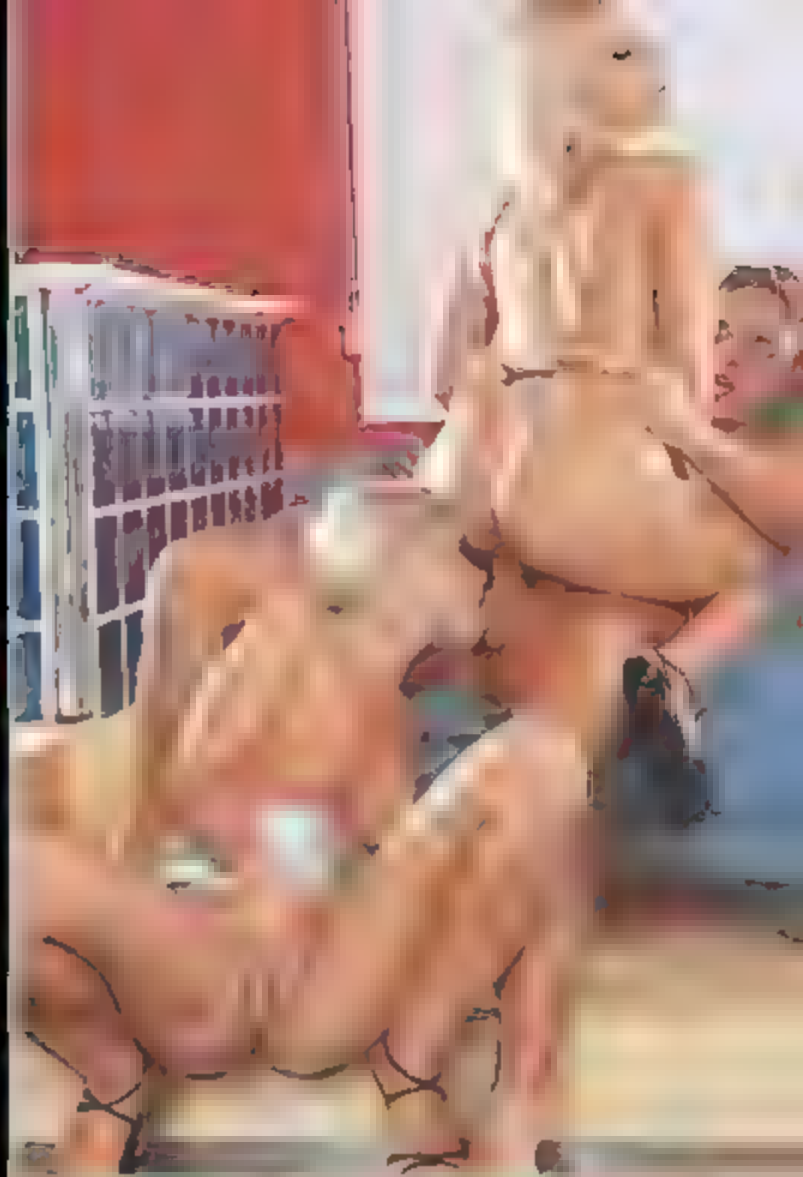

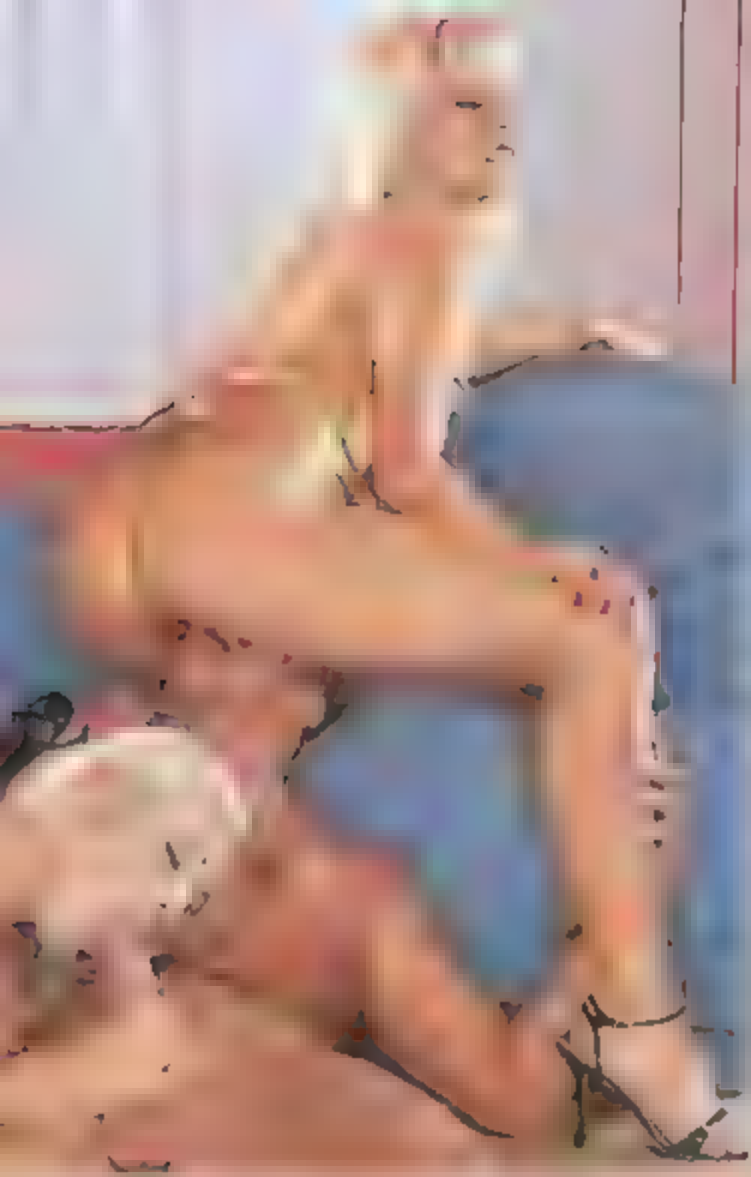

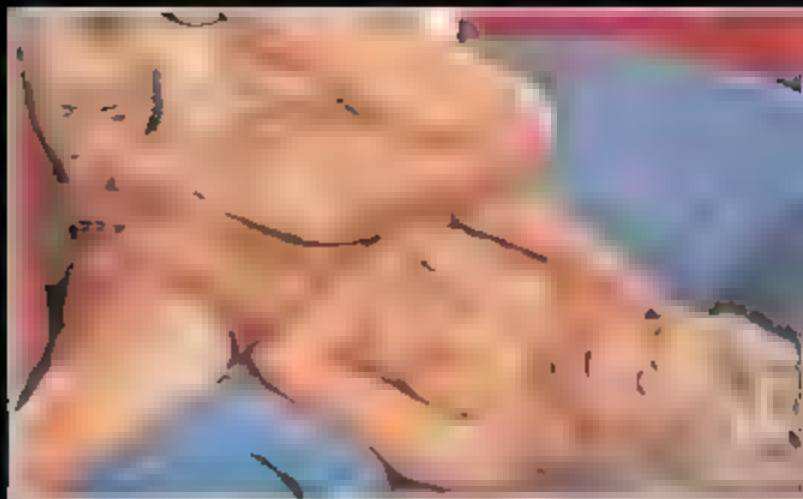

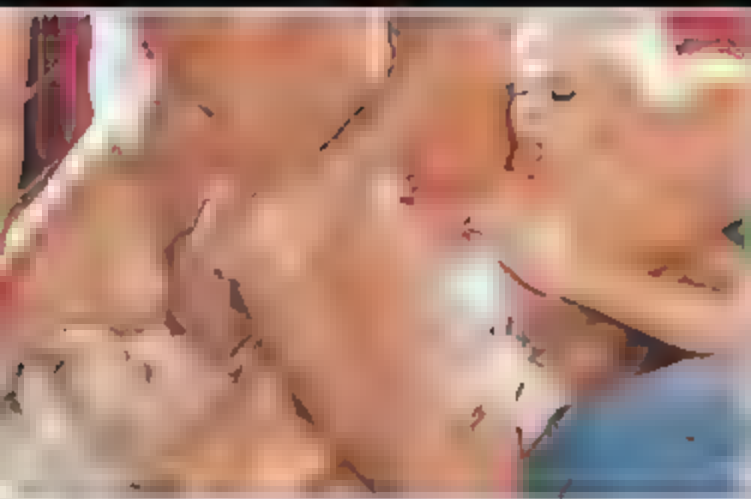

As Jake can tell you, it's real tough living with two beautiful blondes in a close, nonsexual relationship, but his better judgment had always told him to keep his hands off his roommates. But when Becky and Lori threw this little party to thank him for being such a great guy (and a great roomie to boot), all bets were off. "As long as neither one of us can pay our share of the rent," — they told him, "we're going to pay you off in other ways — every night. That is, if you don't mind."

Well, Jake ain't the smartest guy in the world, but he's not stupid either. When Becky asked him, in a businesslike voice, if he liked it when girls sucked his cock, he was quick-witted enough to say, "Yeah, as long as they both do it at the same time."

That was all Becky and Lori needed for encouragement. They pulled Jake's cock out of his shorts and took turns putting it into their mouths. And then their new roommate relationship developed from there, one lick at a time.

**Our roving photographer captured every delicious moment. And when Lori and Becky finally revealed his presence, Jake couldn't believe his good luck!**

Marilyn would love to be known in the neighborhood as respectable and demure but she doesn't have that luxury. Why? Because she's got this obsession that keeps her awake at night. She needs to feel hard hot cock in her mouth and she'll do anything to satisfy her joint 'n' jism Jones. Even if it means inviting her neighbors over for indiscreet blowjobs.

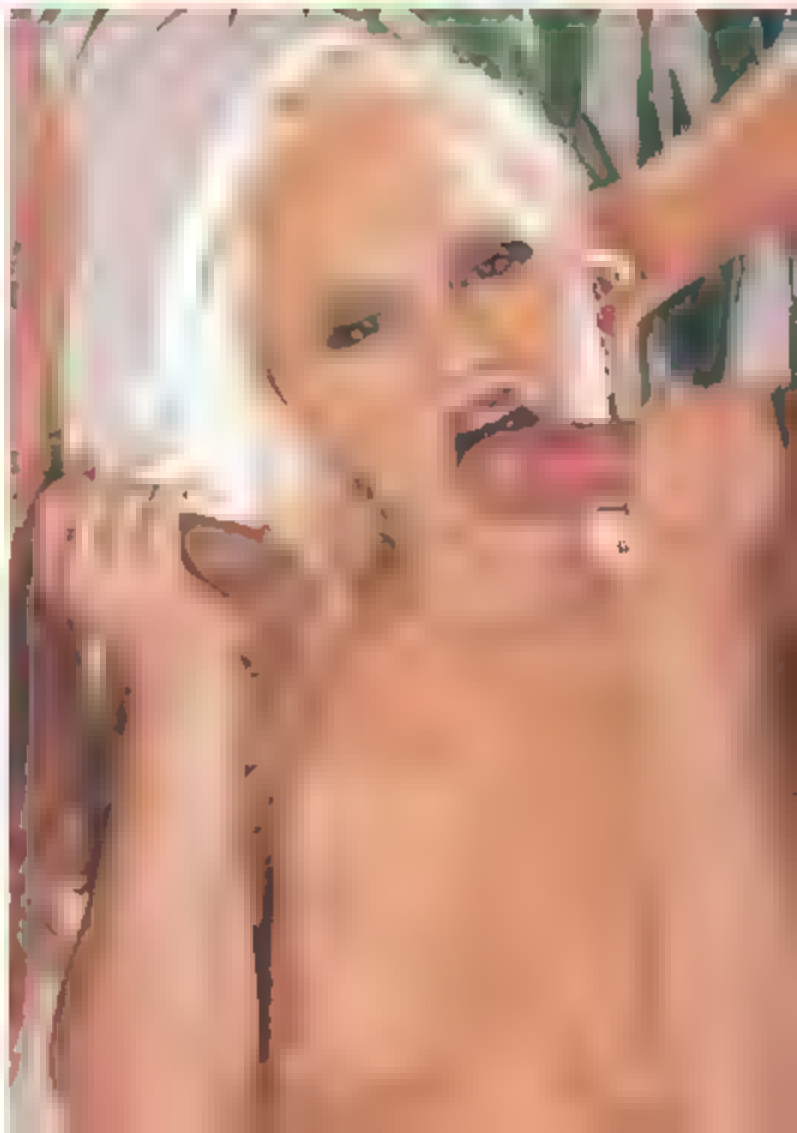

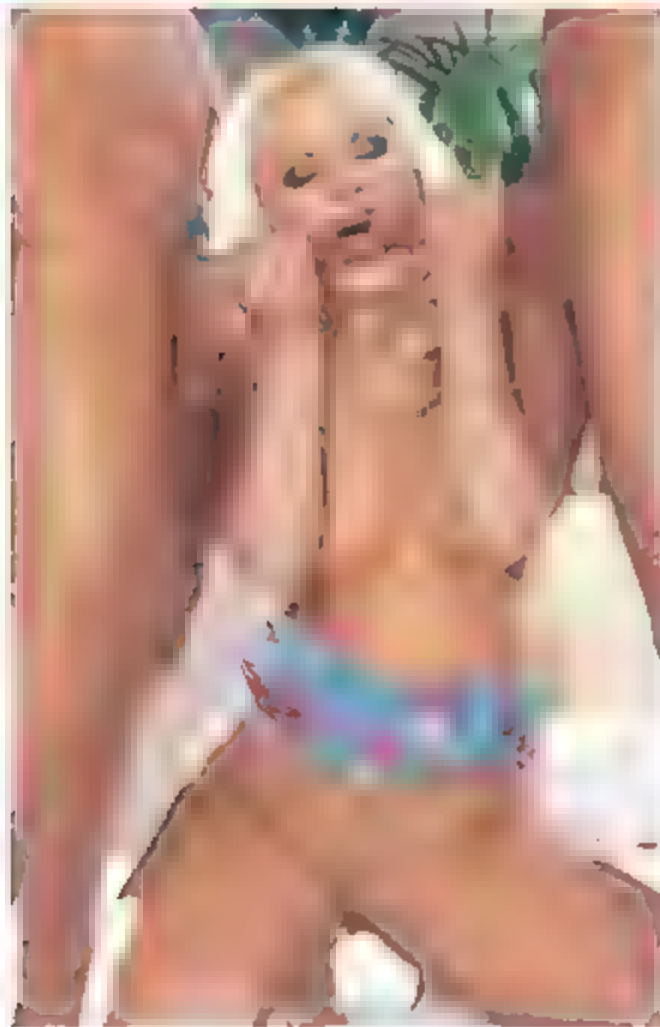

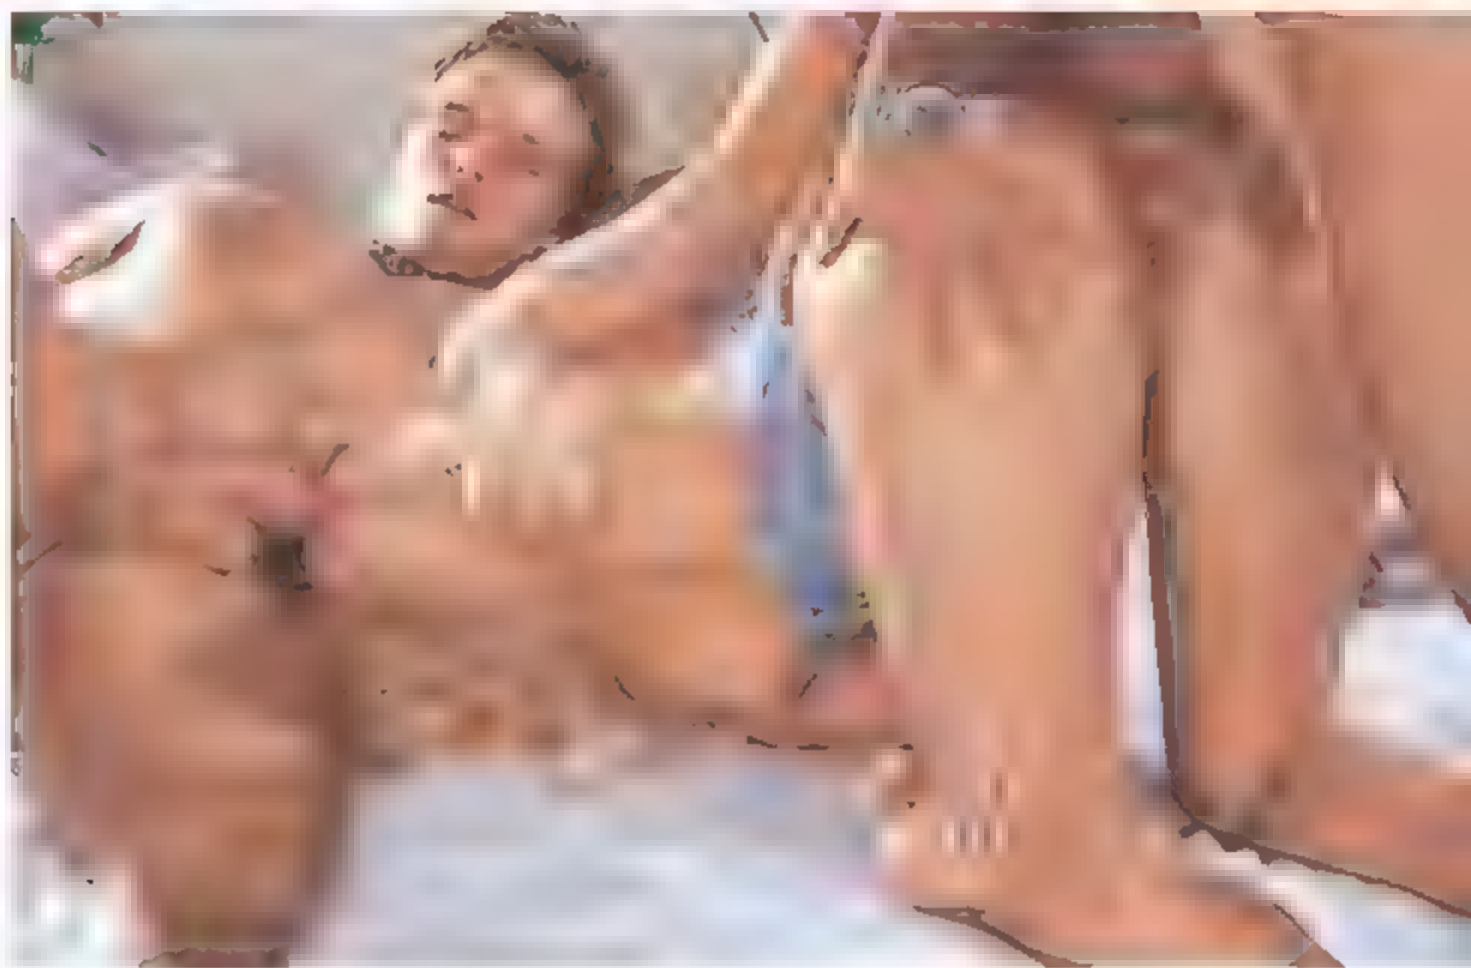

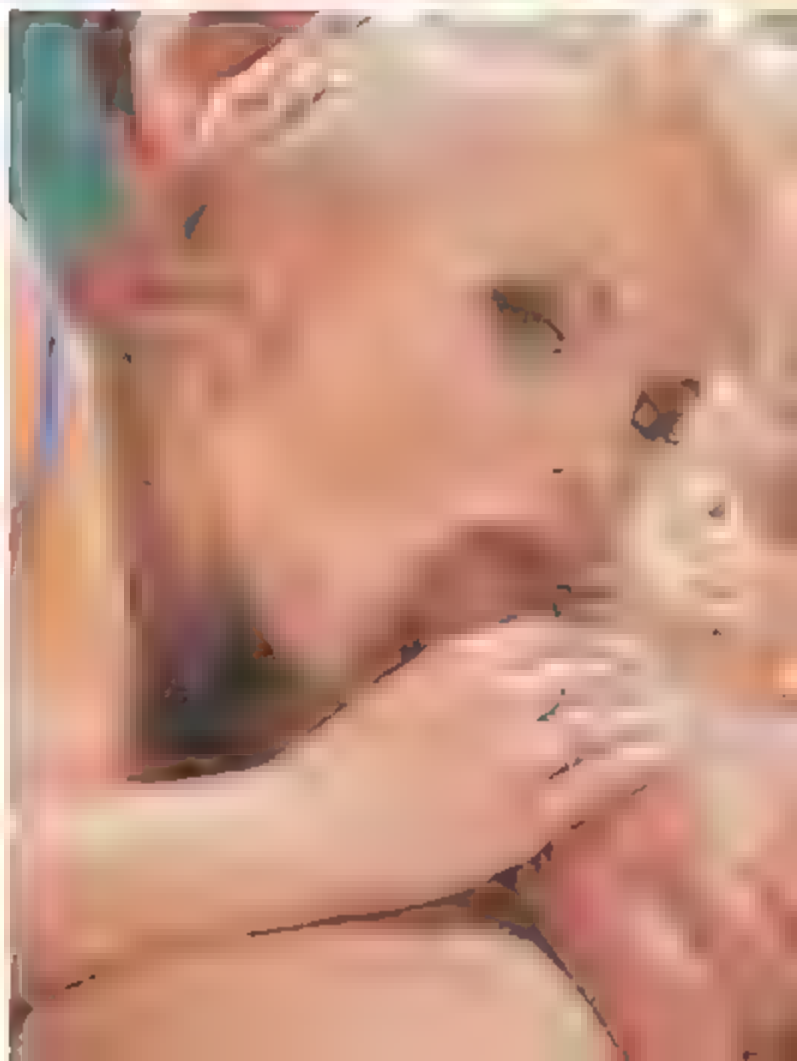

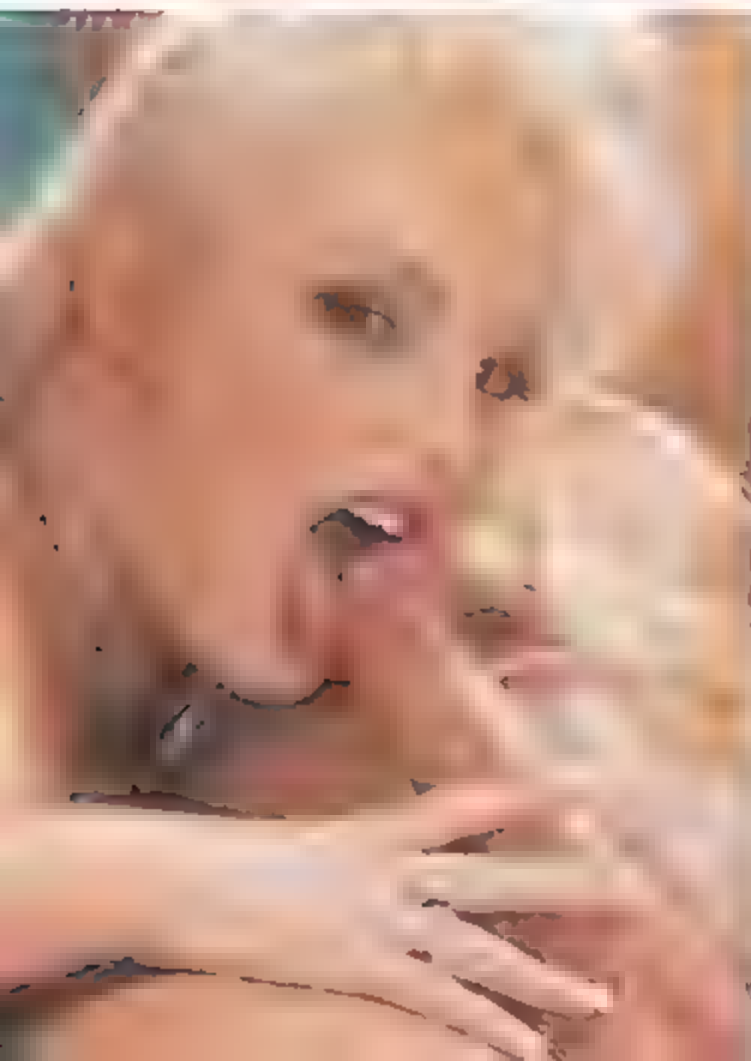

Marlyn already has all the ladies on her street in an uproar because their dear husbands and boyfriends aren't safe as long as Marlyn's at home, ready to open her door wide for any wayward male walking by. She's simply unable to resist the urge to suck cocks. She needs to plant her face in some guy's crotch and blow him until he squirts hot cum into her throat and she doesn't care how many women in the neighborhood get pissed off.

Who knows?  
Maybe there  
is a horny  
obsessive

A movie poster for the film 'All Day Suckers'. The background is a photograph of a man and two women in a pool. The man is at the top, looking down. The two women are in the foreground, looking up at him. The text is overlaid on the top right of the image.

Two amateur hottest pros are here to  
get it on... with a handsome stud.  
But then their competitive natures take  
over. Which one will get to drink his cum?

Lanny, Jayna & Steve

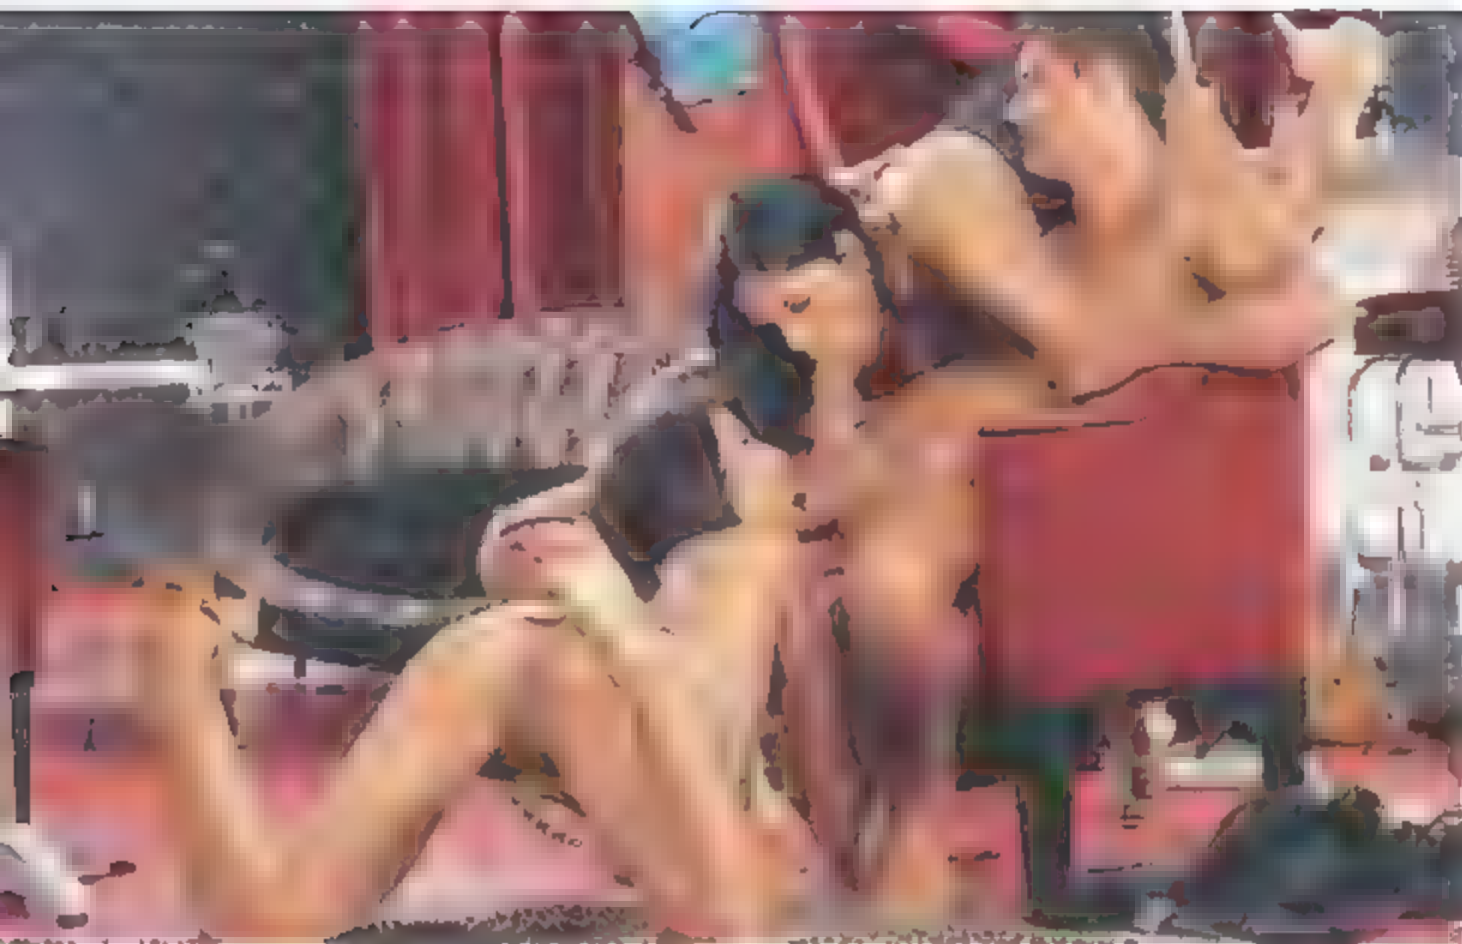

# ALL DAY SUCKERS

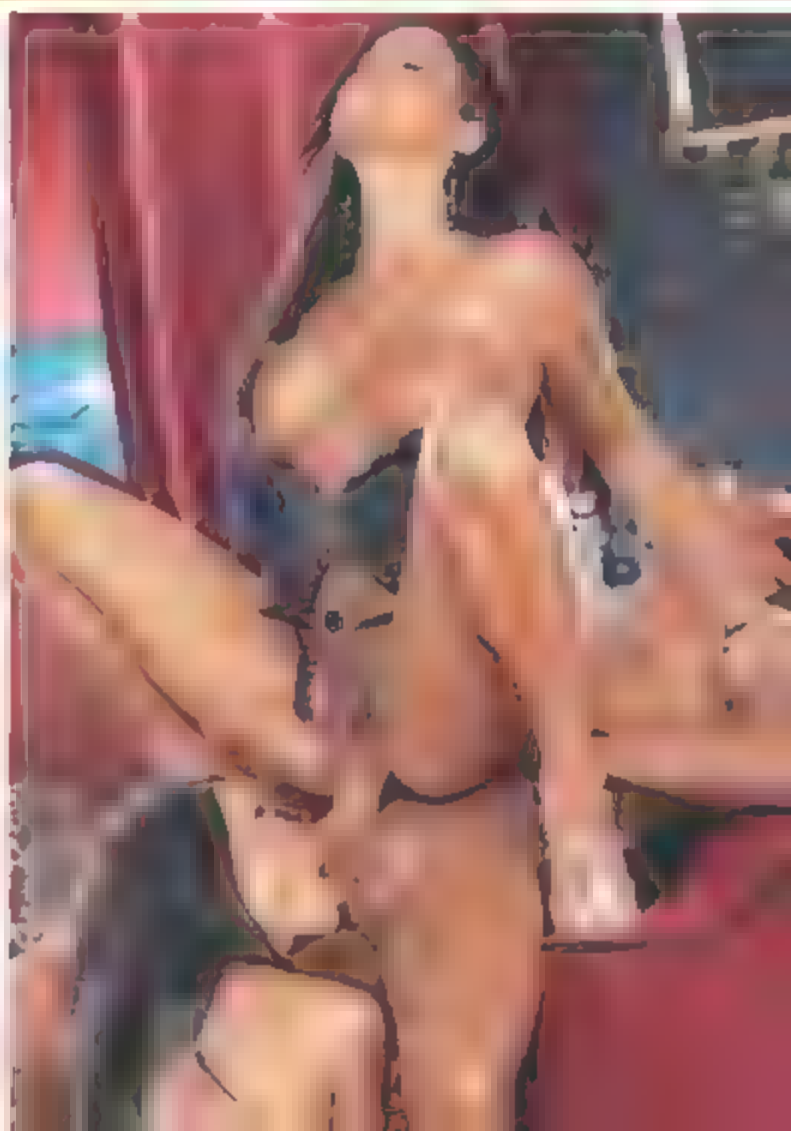

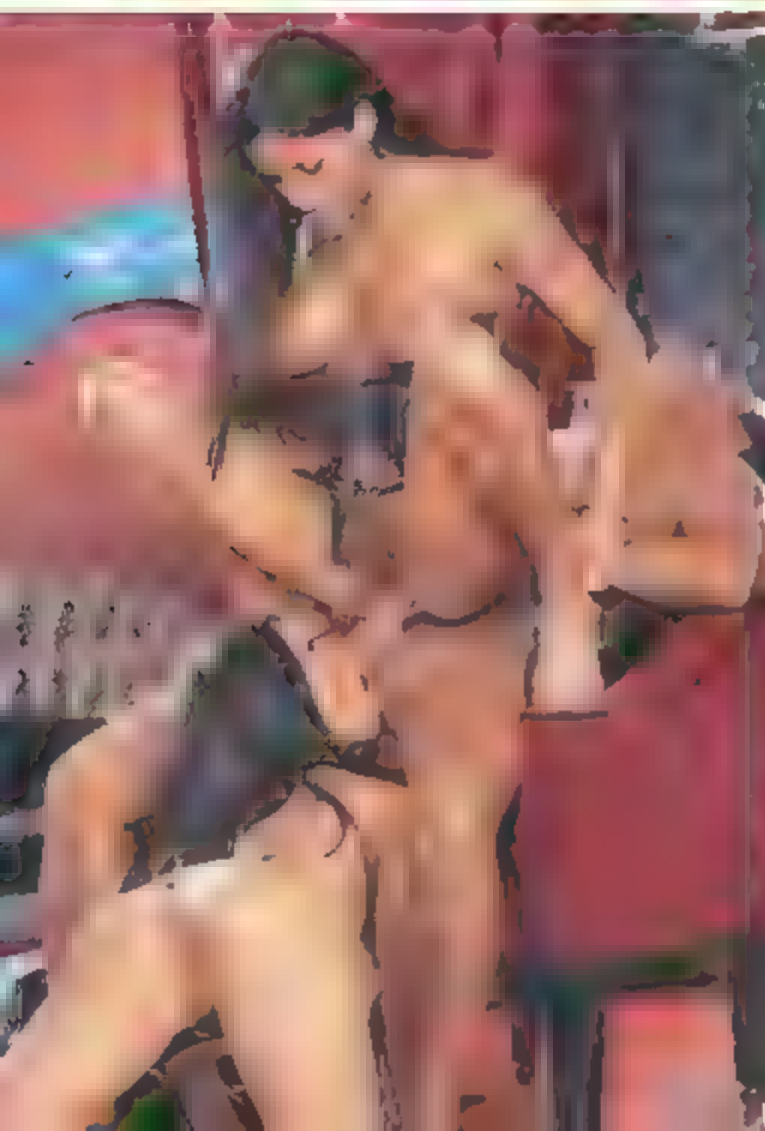

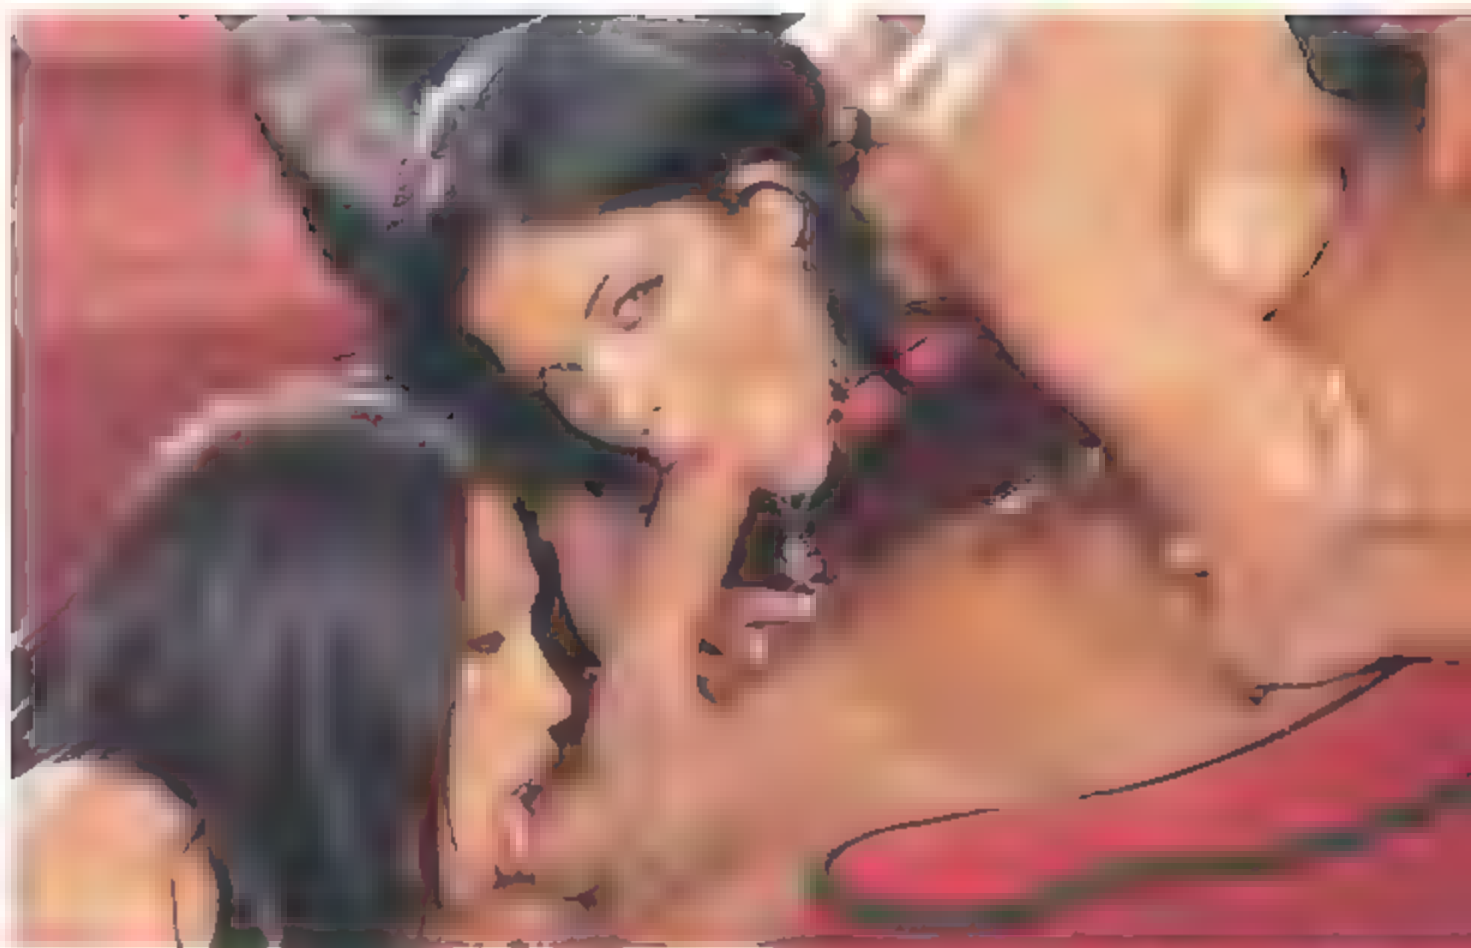

Real porno stars like Jayna Oso and Janny Barby base their entire identities on being sex goddesses capable of controlling any man—or any situation with a man—merely with their powers of seduction. That's why it's always fun for photographers to turn them loose on a professional stud at a photo session. Each girl wants to think *she's* the only one who turns this guy on, and that *she'll* be the one who finally makes him cum. Instead of that other conniving bitch she's working with. So each girl uses all her little tricks, hoping that when he finally comes, it'll be in *her* throat, not that other slut's mouth!

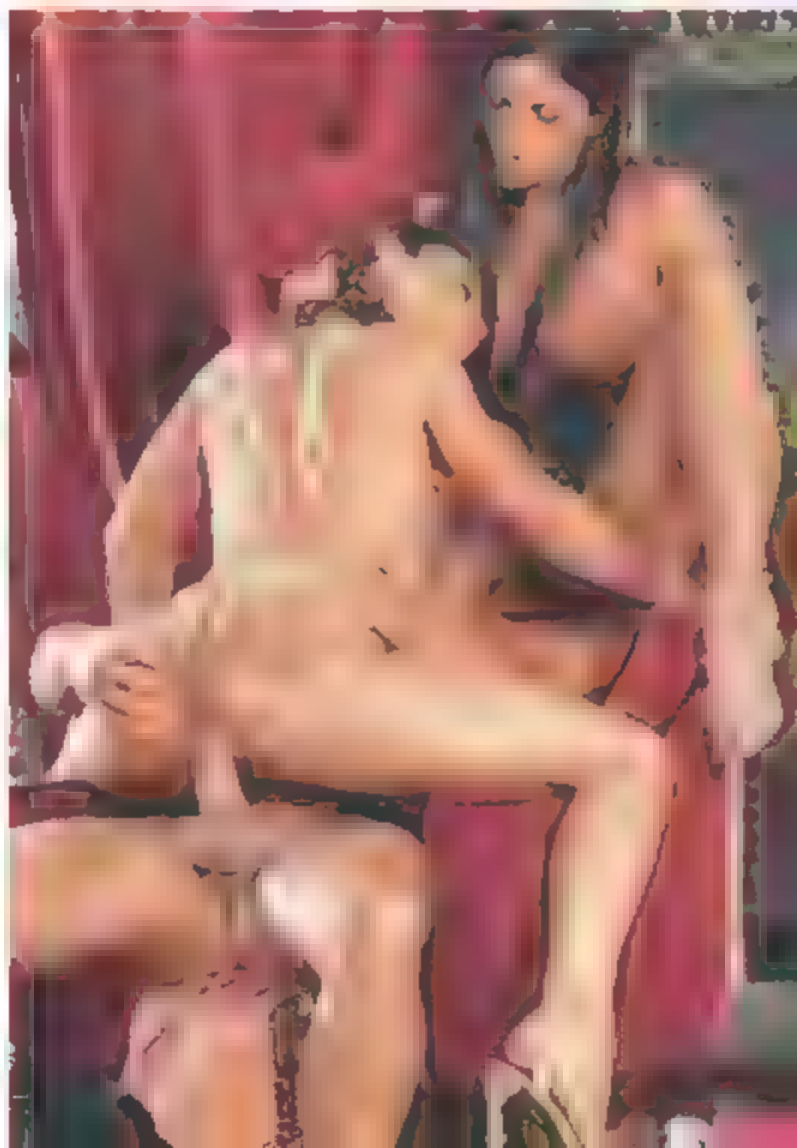

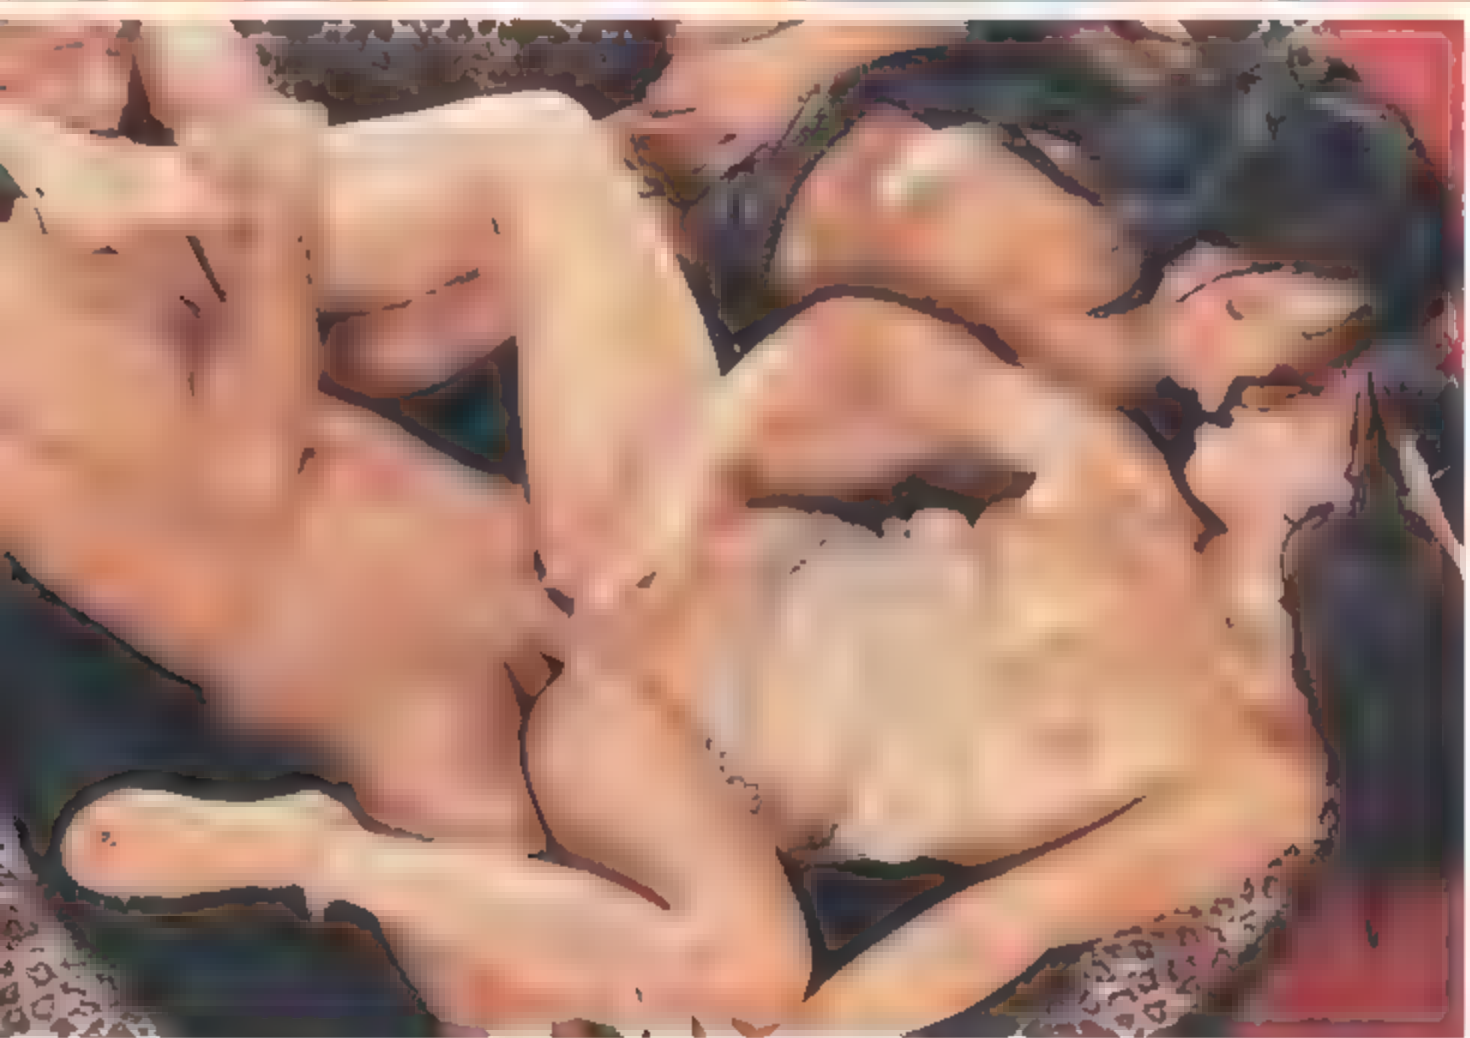

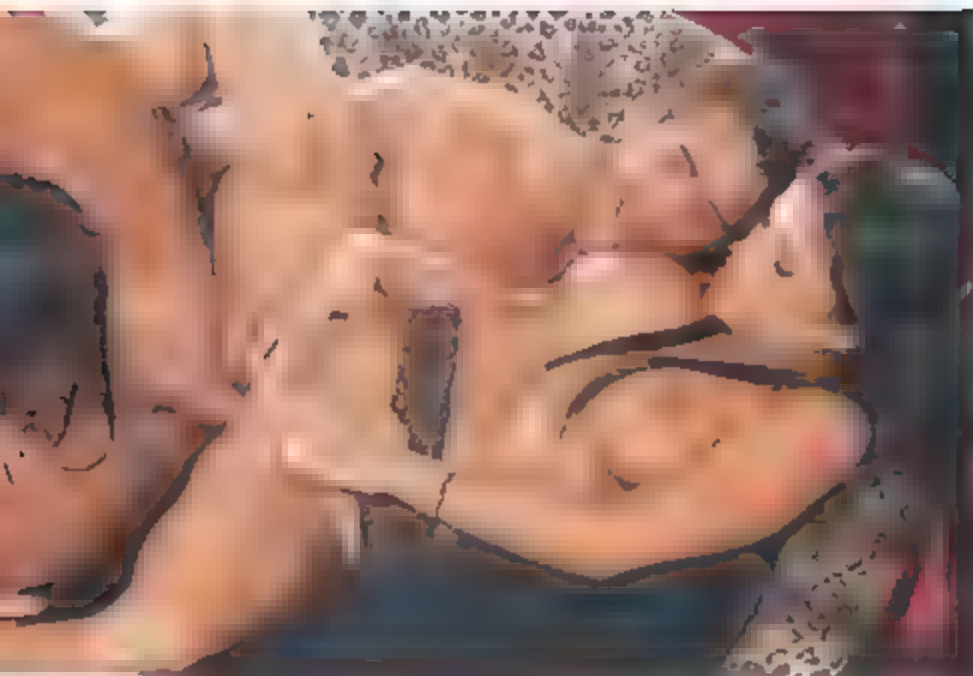

Since Lanny Barby's not expecting Steve to come inside her pussy while she's fucking him Jayna Oso gets it into her little devilous mind to try and make him squirt prematurely knowing that it would piss off Lanny no end After all that's the one no-no during these shoots. You're not supposed to come inside the girl's pussy where nobody can see it So Jayna crouches beneath him to suck on his balls gently rolling them around on her tongue while her lips engulf his scrotum She knows just how hard she can suck on them Yeah Jayna thinks let's see if he can keep from coming inside her pussy

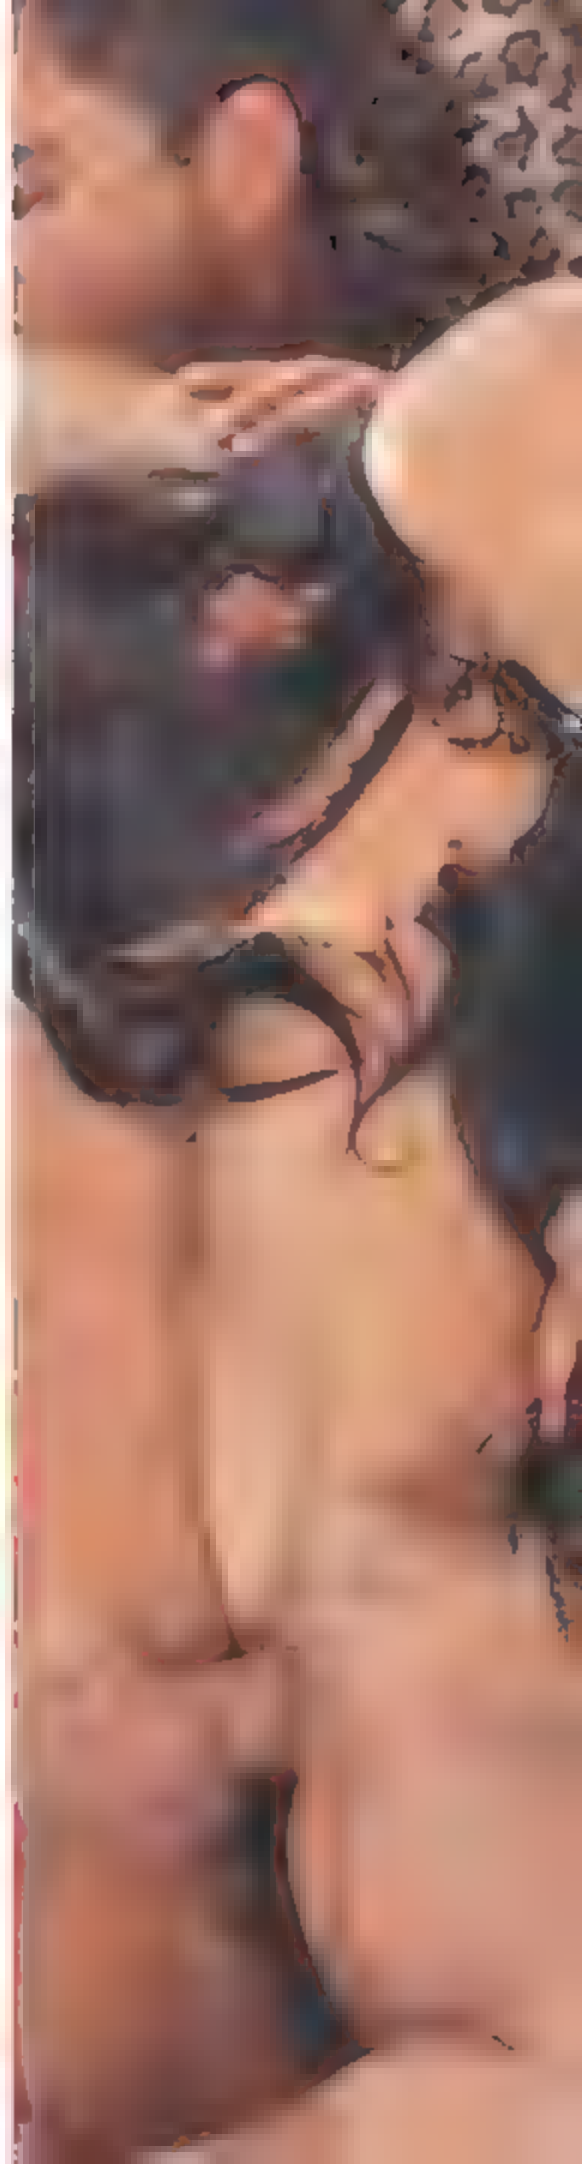

Despite all the charms and wanton wiles of Lanny and Jayna, Steve keeps fucking their hot pussies and even hotter mouths without coming before he's ready. In fact, he wants to keep this going for as long as possible, because the minute he shoots his wad, he won't have these two girls fighting over him anymore. So he holds out for over twenty minutes as both girls furiously suck his cock and balls and fuck him—and when he finally fires off his loads, he squirts them on both girls' faces!

## WHAT EXACTLY ARE THE PRO+PLUS PILLS?

Discovered by Dr. Dmitri Zorken and his research team, PRO+PLUS PILLS is a powerful natural herbal enlargement formula that increases size, stronger erections and maintains your sexual virility. We also included some of the same type of herbs found in Polynesia where the men of the Mangian tribe have size on the average of 3 times at night, every night. While this is not what you may wish, it is nice to know your sexual performance can improve substantially.

## WHICH FORMULA IS BEST FOR YOU? PRO+PLUS PILLS ADVANCED FORMULA

Our exclusive advanced formula for men with a form of HYPOSPADIAS or small penis since they were young. Size now is less than 6 inches and need a guarantee of accelerated enlargement to reach a much larger size. Can also be used by men larger than 6 inches and need guaranteed maximum enlargement.

## PRO+PLUS PILLS ORIGINAL FORMULA

This formula is for men who are now 6 inches or more and want to be guaranteed maximum enlargement. PRO+PLUS ENLARGEMENT PILLS are produced to give you a premium quality scientifically formulated product that can help you achieve all of your enlargement goals.

## OUR 100% MONEY BACK GUARANTEE

## CARNAL CAMERA

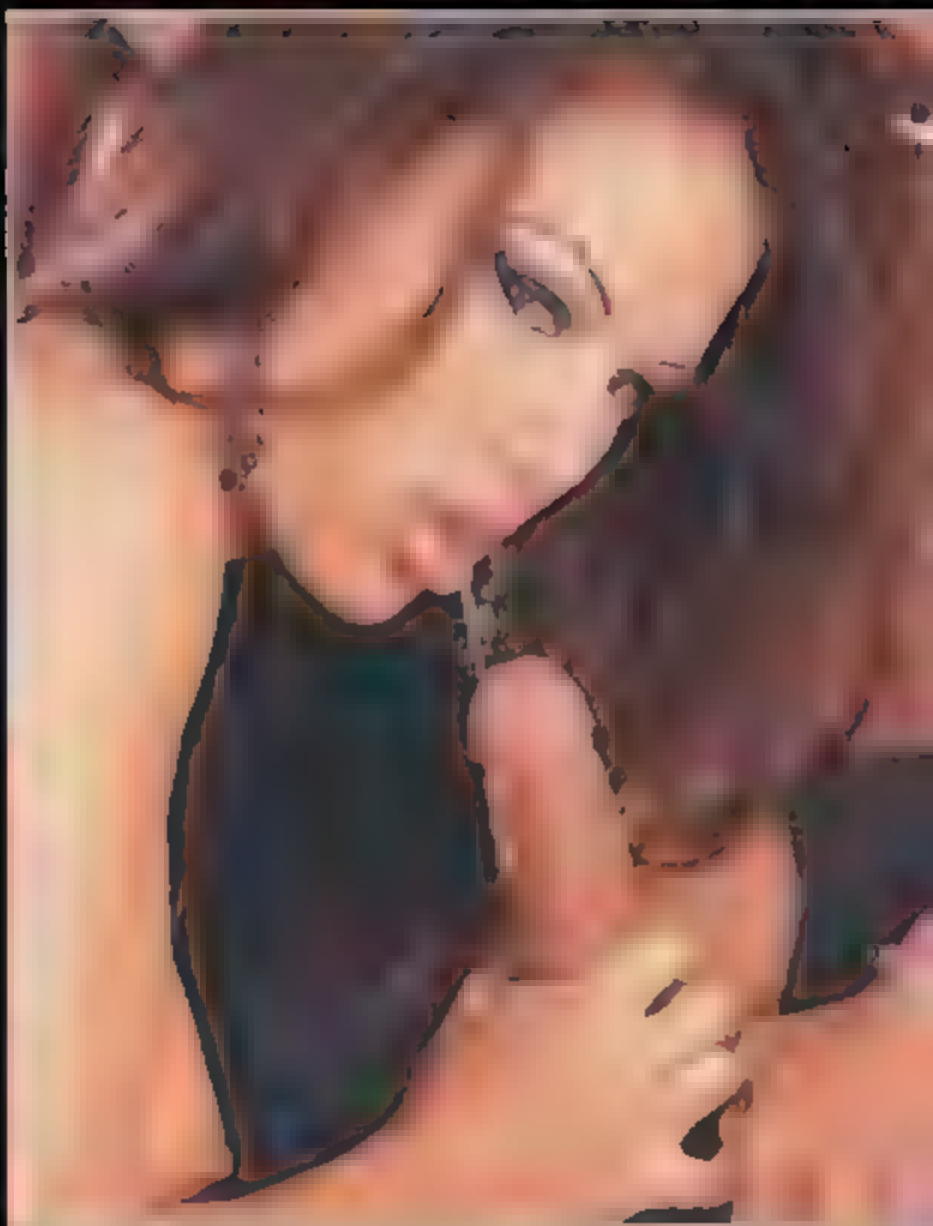

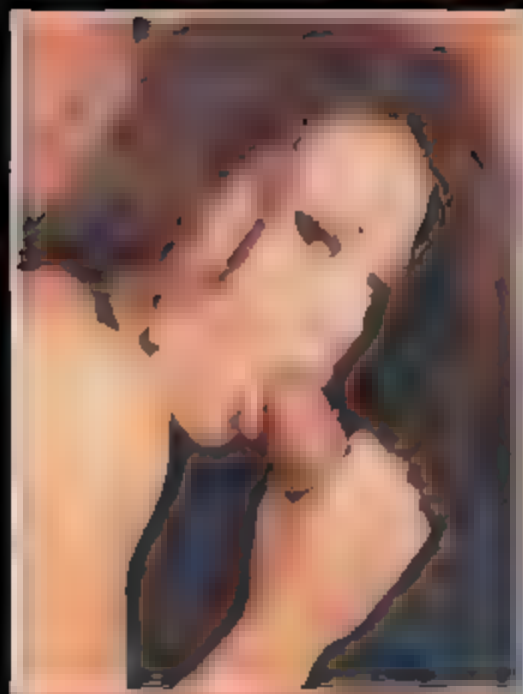

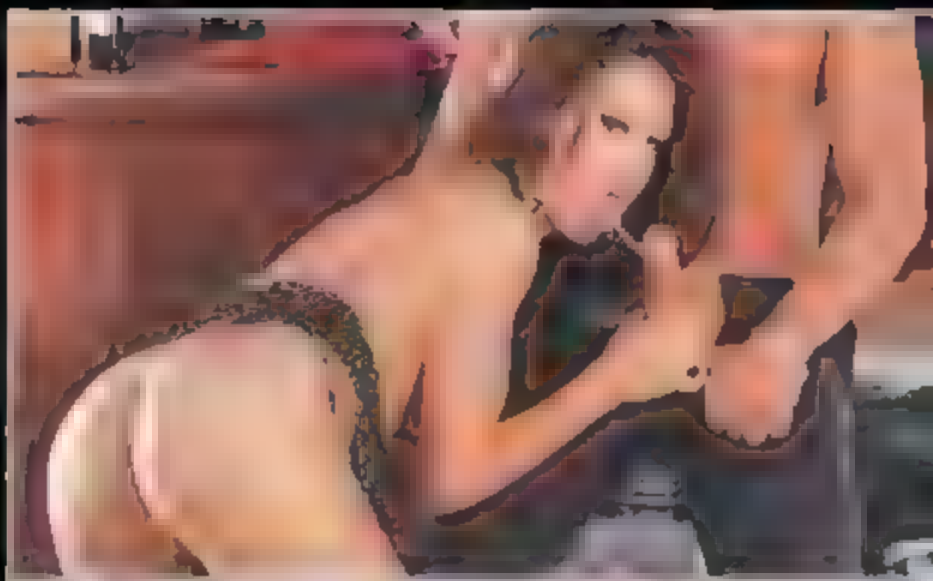

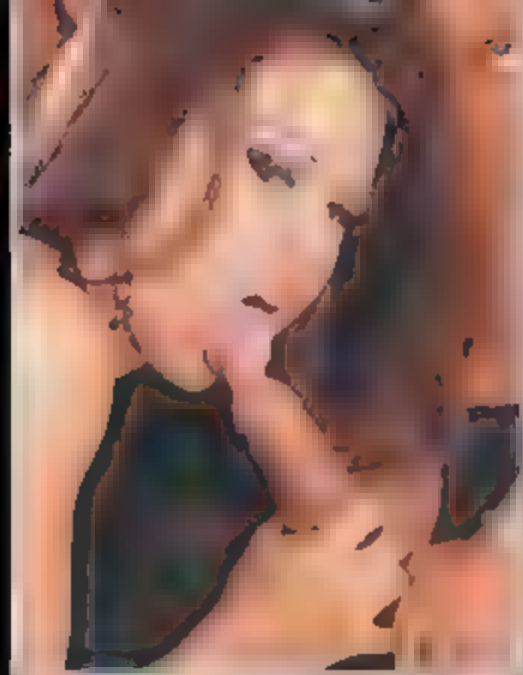

Porno movie companies usually have a guy on the set whose job is to shoot a few digital photos for the DVD box cover and promotional coverage, but what happens if the actors want to preserve the

memory for themselves—not digitally, but on film? McKenzie Lee, one of today's top porn stars, isn't content with just having a few hasty digital shots of herself. She wants something for her portfolio that she can actually own herself, for any personal promotional gigs in the future. That's why she hired our roving photographer for the day.

***McKenzie Lee wants her own photos of her scene with Jazz—not just for promotional reasons, but also because she wants to preserve the memory!***

McKenzie's a practical girl who believes that if you want something done right, you'd better do it yourself. She knows that if she wants to have her own photographic record of her movie work, her best bet is simply to hire her own photographer, who will focus on her instead of all the other performers. McKenzie knows that the movie company's on-the-set still photographer won't concentrate on the way she looks as she sucks cock, or gets fucked!

**With McKenzie Lee, having a photographic record of events is all important. Otherwise, 100 years from now, who will know what a wonderful slut she is?**

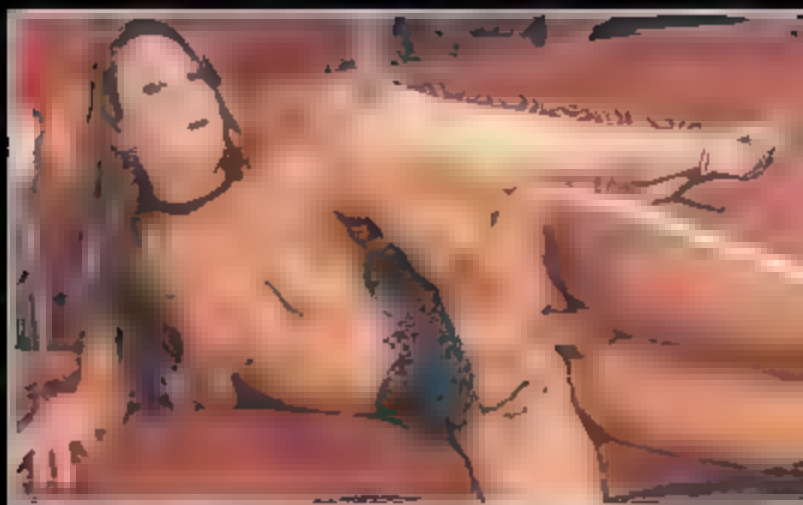

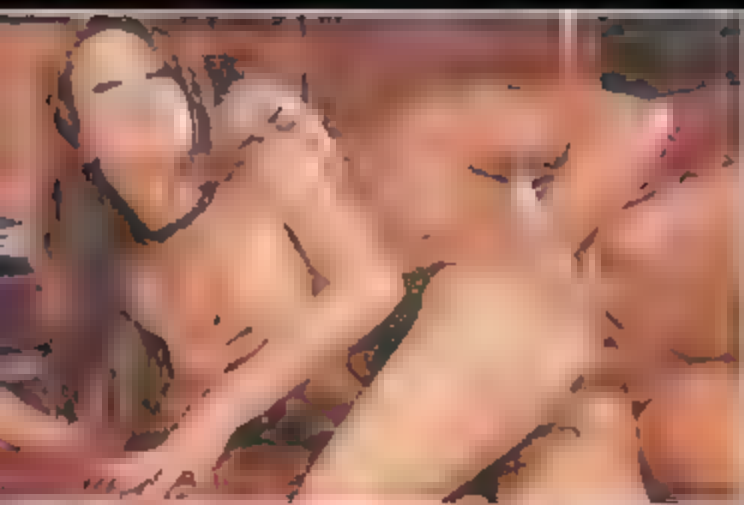

You see, McKenzie doesn't have much faith in our current digital realm. All those 1's and 0's could get wiped out somehow, or maybe with the constant changing of digital formats the porno fan of 2050 won't be able to access 2007 DVDs—and if some future film company isn't keeping her movies updated in the latest formats, she could be as lost in the mists of history as those old-time X-rated actors whose movies are available only on videotape. (Sure, it sounds crazy, but McKenzie really does believe she belongs to the ages, and that men should be jerking off to her a hundred years from today!) The great thing about 35-mm film, she'll tell you, is that you can hold it in your hand and see the image without a special machine, and that it will last for a long time. That's why she's more than happy to hire a photographer to document her sex scenes. Later on, when we asked our roving photographer how much McKenzie paid him, he gave us a sly smile.

**An hour after he'd shot several rolls of film of her movie scene, McKenzie asked our photographer, "What do you want, your usual fee—or a blowjob?"**

# MARRIAGE: INDECENT PROPOSAL

Natalie is admiring a red vibrator that looks like a gadget in a 1960s sci-fi flick. It's an eight-inch jelly cock with four "very special" effects and three speeds, controlled by a microchip.

"This I do whatever I want. I can rack up two million miles if I want to do," Natalie purrs. "I can program it to speed up and slow down—and then speed up again. I can program it to tingle or pulse. It's definitely the right tool for the job. It's my best friend And my lover!" Natalie is a 26-year-old cashier whose husband is away 200+ days a year as a concert lighting consultant. "He racked up two million miles of frequent flyer miles last year and I put 2,000 miles on my vibrator," she says.

BY DANIELA TOMET

nce Natalie is content at this point in her life to pleasure herself, she has begun to wonder if her marriage was a mistake. Or more to the point, does she need a husband—or a man?

Walk into a modern sex shop and you're likely to feel that the battle of the sexes has taken a big turn for the worse, as far as men are concerned. Vibrators, originally marketed as an aide for couples, are looking more like super-studs designed to render penises obsolete. They not only have lurid names like Lucid Dream, Purple Passion Pocket Pal, and Red Boy Toy (Natalie's favorite) but also the most amazing shapes and features. Some look exactly like a cock, with veins on the bottom and a choice of circumcised or uncircumcised heads. Other models can stimulate certain areas of a vagina rather than simply duplicate the experience of male penetration. Many have whirling knobby heads, multiple speeds, and super massage features that no man can match.

Which brings us to the main point of this article: Is marriage obsolete? Let's face it: slightly more than 50 per cent of all marriages end in divorce, and in some states—both blue and red—so this isn't just a "family values" rant—the divorce rate is much higher.

It was time for me to get to the very bottom of this question, so I asked a few young, attractive vibrator owners if their toys have changed their lives. (All I Offer: Vibrators, Flacks.)

### 3 SAMANTHA

Samantha is an attractive 23-year-old assistant pit boss at a well-known Las Vegas casino who says she lives in Vegas because of vibrators. "I was in Los Angeles last year, engaged to a guy in the film industry," she says.

My girlfriends decided to give me a bachelorette party here in Vegas, so we came here together for the entire weekend. We—it turned out to be a three-day party, and one thing led to another, and next thing you know we have these wild-looking vibrators and my two girlfriends and me end up in a threesome—well, it was maybe a fivesome if you count our toys. It was the greatest sex I ever had. I thought, how can Ted ever live up to what I'm

getting here? So I just went back to L.A., packed up my stuff, and came back here to live. We'd already made all the plans for the wedding, sent out

invitations and everything. Basically I just left the poor guy at the altar. He still doesn't know what happened. To spare his ego I told him I didn't need men anymore, so I guess he thinks I'm a lesbian. I didn't have the heart to tell him that he really lost me to a fabulous vibrator."

### 4 ALLISON

Allison, a trim, professional woman in her early thirties, is hardly a poster child *against* marriage. She proudly announces that she's been married a total of four times. "I tried to make my marriages work, lord I tried," she tells me at her expensive Encino home, a result of her final marriage, to a chief financial officer at an insurance company. "I was responsible for the first one breaking up, but the others, well, I'm not so sure. Everything might've gone okay if I'd never even seen a vibrator. You know, if I'd never had

the experience of total fulfillment. But my first husband made the mistake—a big mistake—of bringing a vibrator into our marriage as a way of spicing things up. Oh, it spiced things up all right. When he started spending too many evenings away from home, that vibrator became my lover. And when my husband wanted sex, I would give it to him as a wife's duty, but I could not have an orgasm or even feel anything special. He started getting sex someplace else, and that brought our marriage to an end."

But Allison, despite four divorces, is not bitter about life or men. "Here I am, four husbands and ten years later—four good men who came and went—but you know what? I still have that original vibrator, my beloved little silver Pocket Rocket. It's still going strong, and all I ever had to do was put in a new battery every so often. I have a couple of newer vibrators, too, but even though they're a lot fancier and have wonderful little options that are pretty amazing, I will never leave my first vibrator. It will always be very special, because it gave me my first true over-the-top orgasm."

### 5 PAMELA

Some ladies, despite all the things that come their way, are romantically inclined. They're in love with love and enchanted by the idea of courtship and marriage. It begins when we're little girls and our daddies come into our bedrooms at night and read fairy tales to us about a sleeping princess rescued by a handsome prince. The damage those fairy tales have done to modern women is incalculable. We spend the rest of our lives paying for our innocence, trying over and over again to recapture all those romantic notions we had as children, convincing ourselves well into adulthood that the frogs we meet are really princes.

Pamela is a perfect example. Now in her late 20s, the tall blonde yoga instructor still has the radiant look of an ex-cheerleader who knows that she can still turn heads her way. She is the type of lady who's never without a man, because as soon as she drops one there's always another to take his place. And yet, despite being engaged a total of ten times, by her

# indecentproposals

count. Pamela has never made that final big step into marriage.

"A lot of guys have proposed to me over the years, but I've only accepted ten of them," she says. "And none of them got too far even though I was in love with some of them. I'd love to find that special guy who could make every day a paradise—but more and more I'm convinced it's never going to happen. And I think the reason is that not one guy I've had sex with can do as well in bed as my vibrators."

Pamela admits she goes through vibrators like other girls go through blouses. "Every time I think I'm in love with a new man, I start feeling guilty and throw out my vibrators. But then after a month or two, I'll start getting horny again because my boyfriend isn't giving me the thrills I used to get with my toys. Mostly I'll think it won't hurt to buy a new vibrator because I'll just use it part of the time, you know, as a way of adding to the good sex I'm already having. But just as soon as I buy that new vibrator and try it out, I suddenly remember everything I've been missing. I'm sorry, but with all the features these things have, no man can keep up with them. Sure, a vibrator can't give you an emotional type of connection, but it sure gives you the greatest orgasms you'll ever have. And when that happens, I have to admit to myself: *I can't marry this guy. If I have to choose between him and my new vibrator, he's gone!*"

"But then a few weeks later I'll find some new guy and it'll start all over again. I'll think I'm in love and throw out my vibrator. Later on I'll regret it and buy a new one. Just last month I saw a letter in the paper from some other girl with the same problem as me, and Dear Amy or whoever it was told the writer that she was repeating this over and over again because she wanted to recreate the love she lost as a little girl when her father left her mother. I don't think that fits me very much, but it's obvious that I can't get beyond this ideal of perfect love. No matter how hard I want to have the perfect marriage, every new vibrator I get wrecks my romance."

## LESLIE

If the future of marriage is starting to look bleak to you at this point, here is a story that may cheer you up.

Just because a woman finds her ultimate satisfaction with her trustiest vibrator doesn't mean she can't also maintain a healthy marriage with a less-than-perfect man.

Leslie works at an airline counter at LAX in Los Angeles. The 31-year-old brunette spent a few years working as a flight attendant before she took her present job in order to spend time with her new husband, a retired pilot who's now in his 50s. He was a very virile man when he met her ten years ago, and she says he's still able to give her a good workout even today. "But it's never really enough for me," Leslie admits. "I don't think there's a thing called *enough* for me, because I've been fucked by vigorous young men and, even though they fucked

me good and gave me some great orgasms, they could never finish the job, if you know what I mean. I'm just one of those ladies who needs four or five orgasms before I'm satisfied, and nobody I've met can do that. For me, fucking's just the warm-up for the big event. It's foreplay."

Early in her marriage, she kept her vibrators a secret from her husband, both out of shame and out of Leslie's concern that he would feel insulted or inadequate if he knew about them. "I would have sex with him at night, and like always it was pretty good sex, and we'd cuddle until he fell off to sleep afterwards. Then I'd sneak into another part of the house where my vibrator or my moans wouldn't wake him up. It went on like that for about six months or so."

Eventually he discovered Leslie's toy collection, but to her surprise he wasn't dismayed about them at all. "It turned out that he had a pretty open mind about it," she says. "He'd been with other women who used vibrators and he'd even used them on women himself. So at that point he decided to join the fun. At his age he's happy to be able to give me an orgasm on his own without any help, but then if he doesn't fall asleep first, he'll help me through a few more orgasms. He seems to have a lot of fun doing it, and that's great for me because the one thing that's always bothered me about masturbating with my vibrators is that I miss the personal connection of having a man there with me."

Their sex life really took off when he began asking her to return the favor to him. "My husband likes these new vibrators as much as I do," she says. "He had never experienced anal sex before, but he was willing to try it, and wow—that changed everything. Now we play together with vibrators all the time and we're terribly happy."

So there you have it. Old-fashioned marriage is under assault, but if a guy is open-minded, he may find a new role, and new pleasures, for himself. One thing is certain: Once a woman goes electric, she won't go back to the old ways of love and marriage.

Vanessa, Alexis & Billy

# ALEXIS' ANAL APPOINTMENT

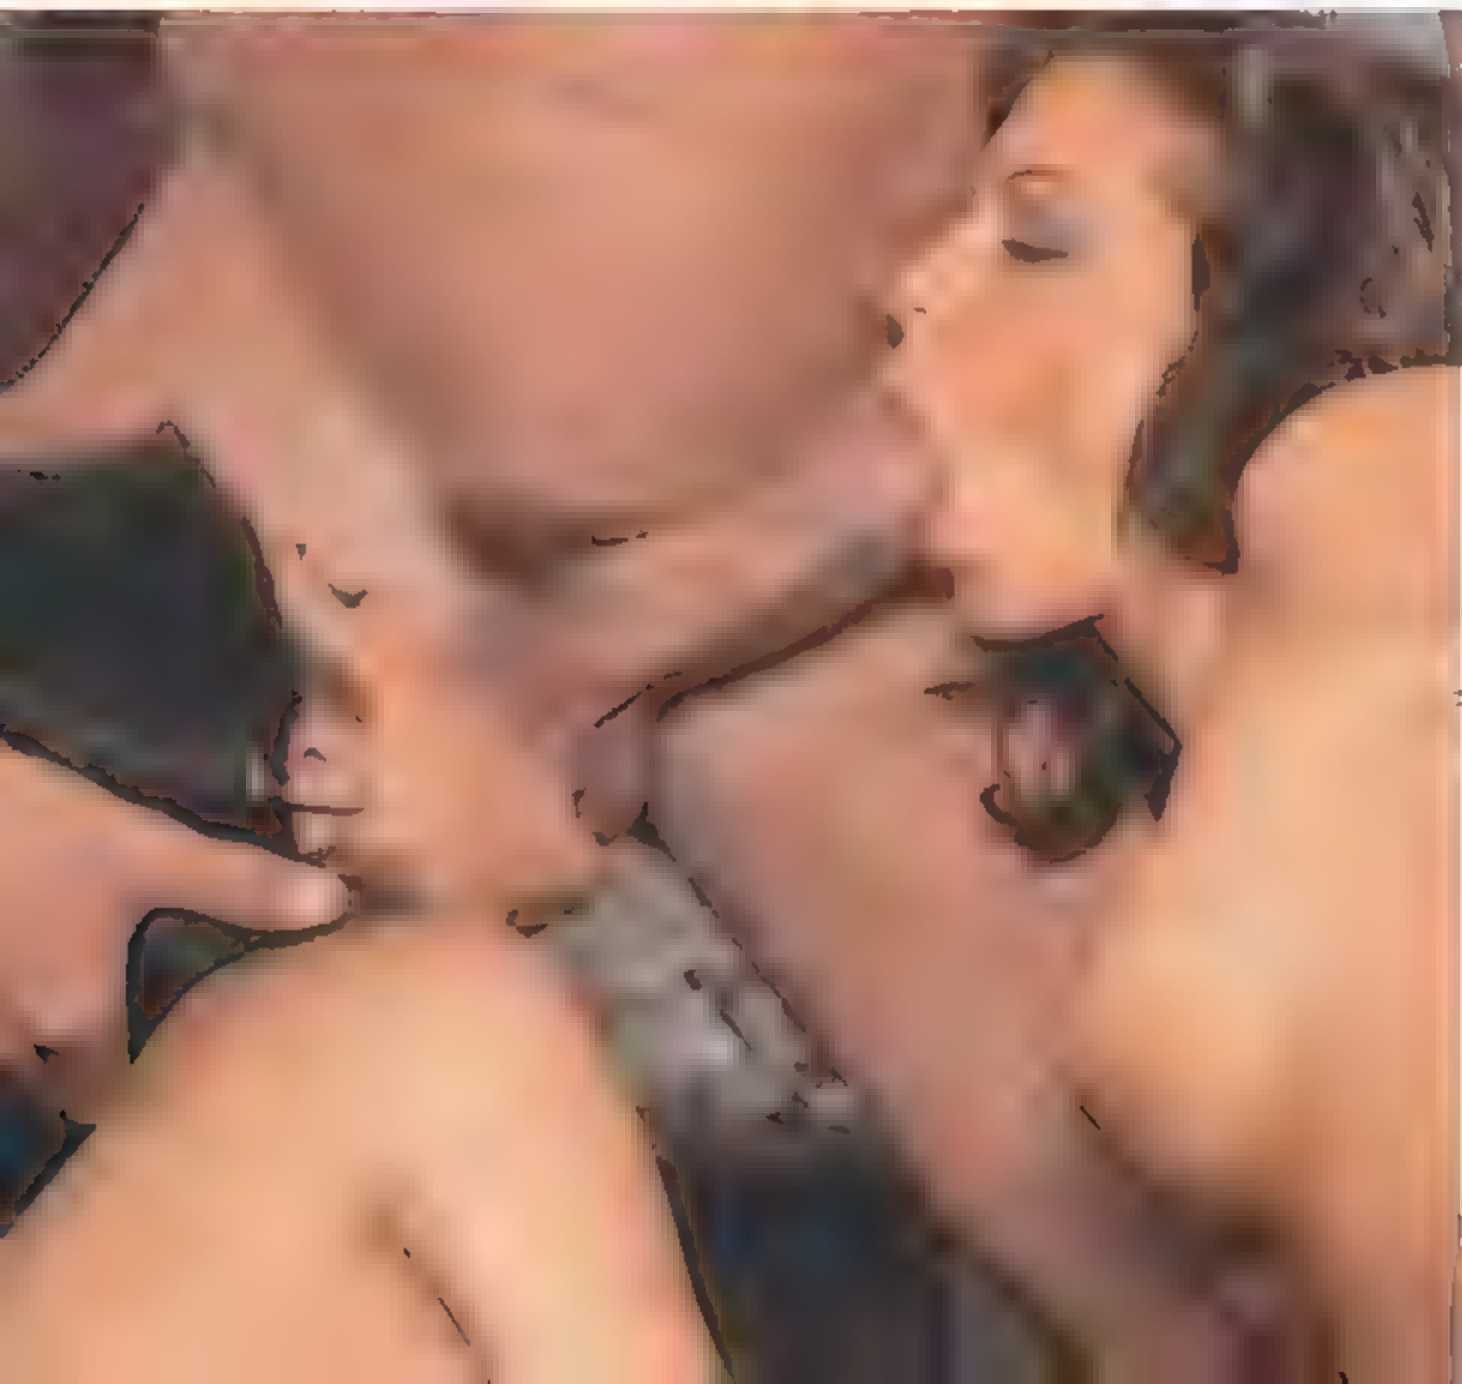

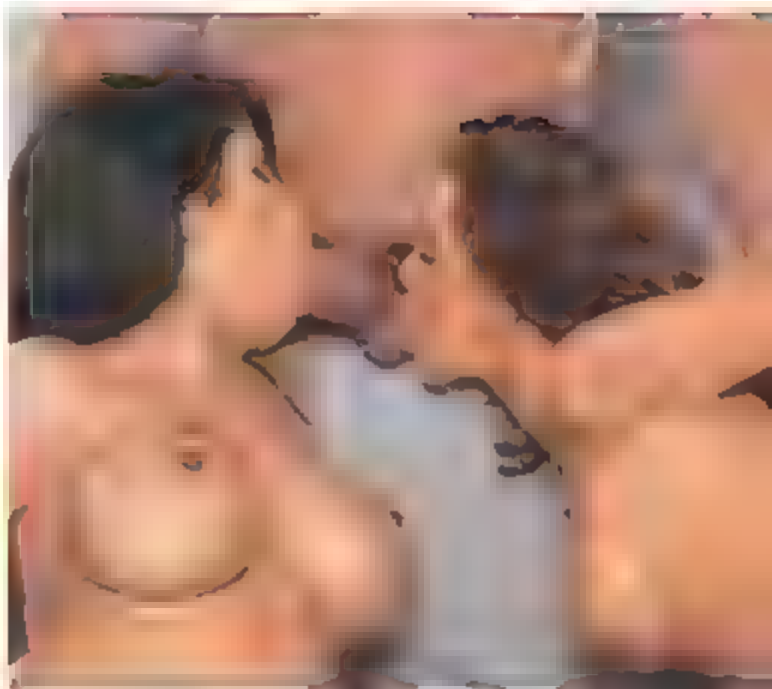

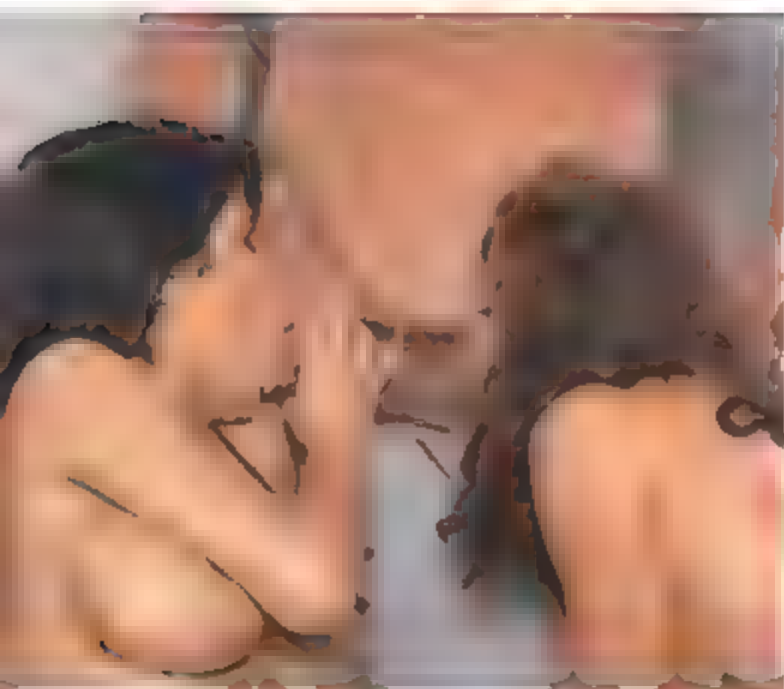

"Billy, Let's Fuck Alexis In The Ass!" Vanessa Suggested.

Little did Alexis Amore realize when her porn pals Vanessa Lane and Billy Glide invited her over for a Sunday afternoon that they had a little something extra in mind for her. Sure, Billy and Vanessa get plenty of action during their various film projects. But sex on the set is one thing, and sex at home is another. As Billy, an X-rated film veteran, will tell you, having sex in front of a camera, being ever mindful of what the director wants, is not the same as actually enjoying sex with someone at home. It's totally different!

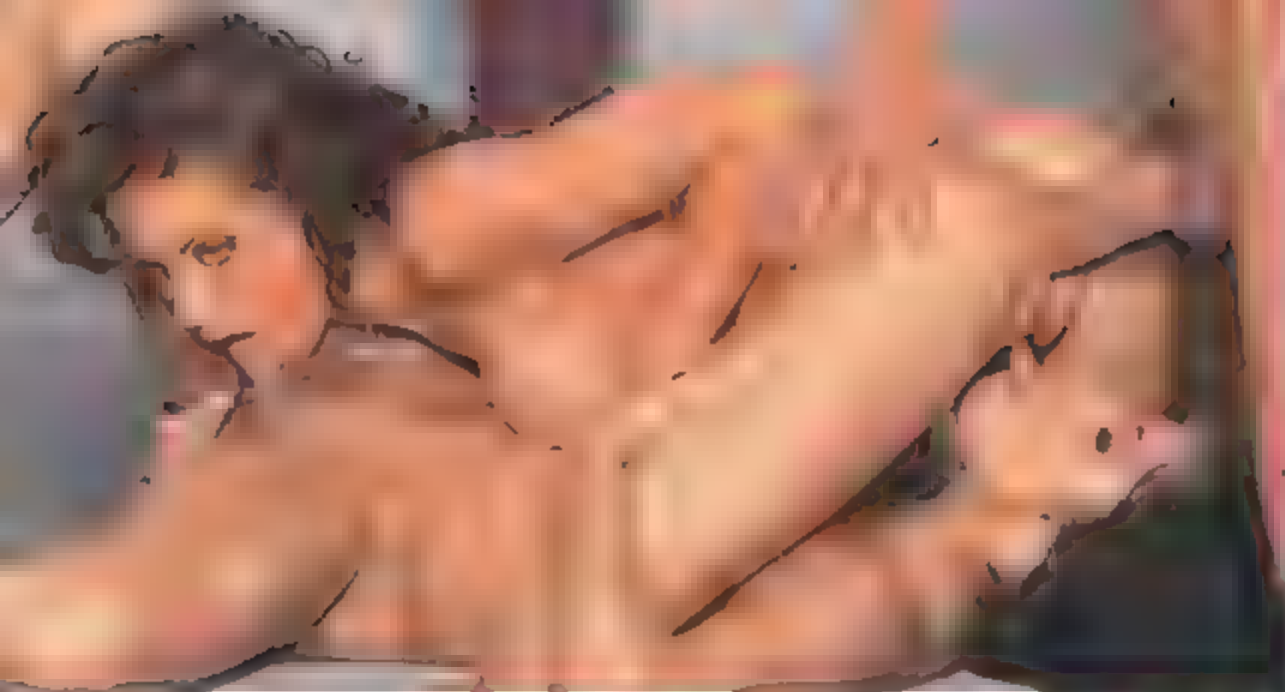

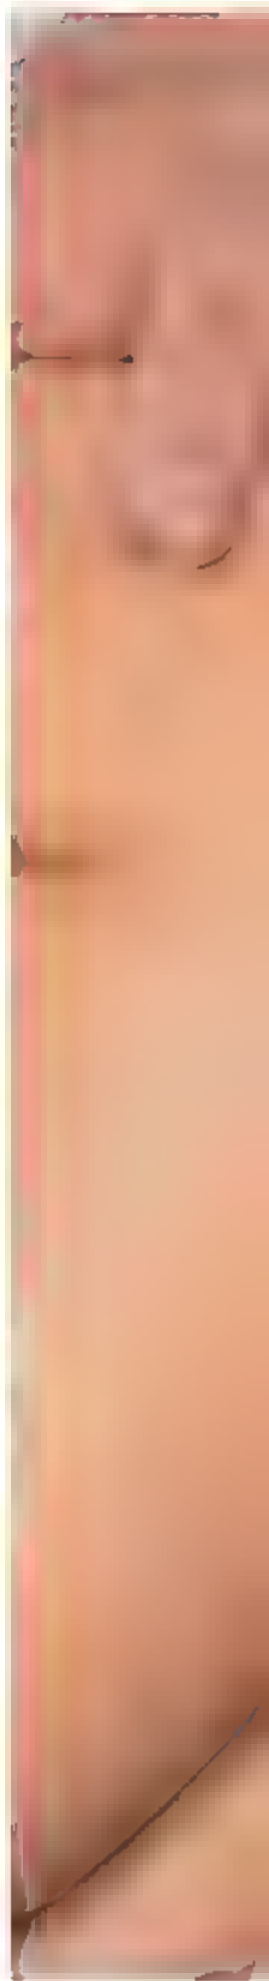

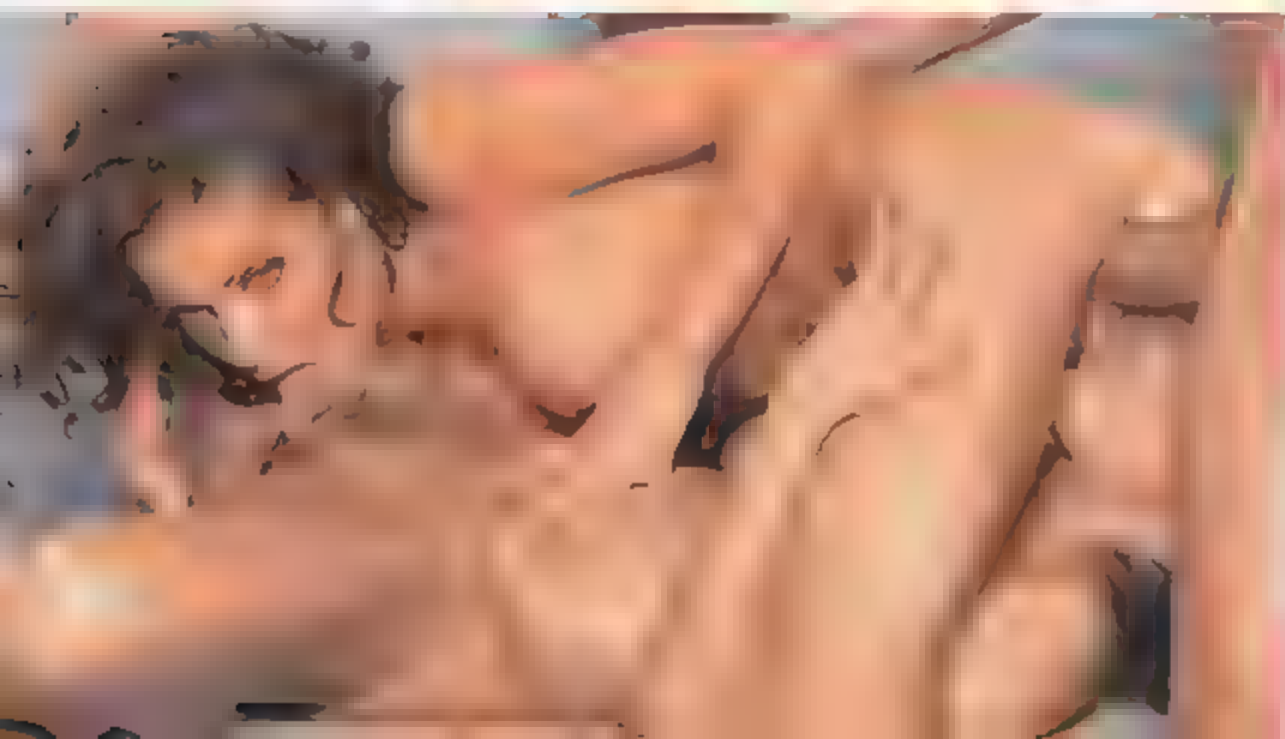

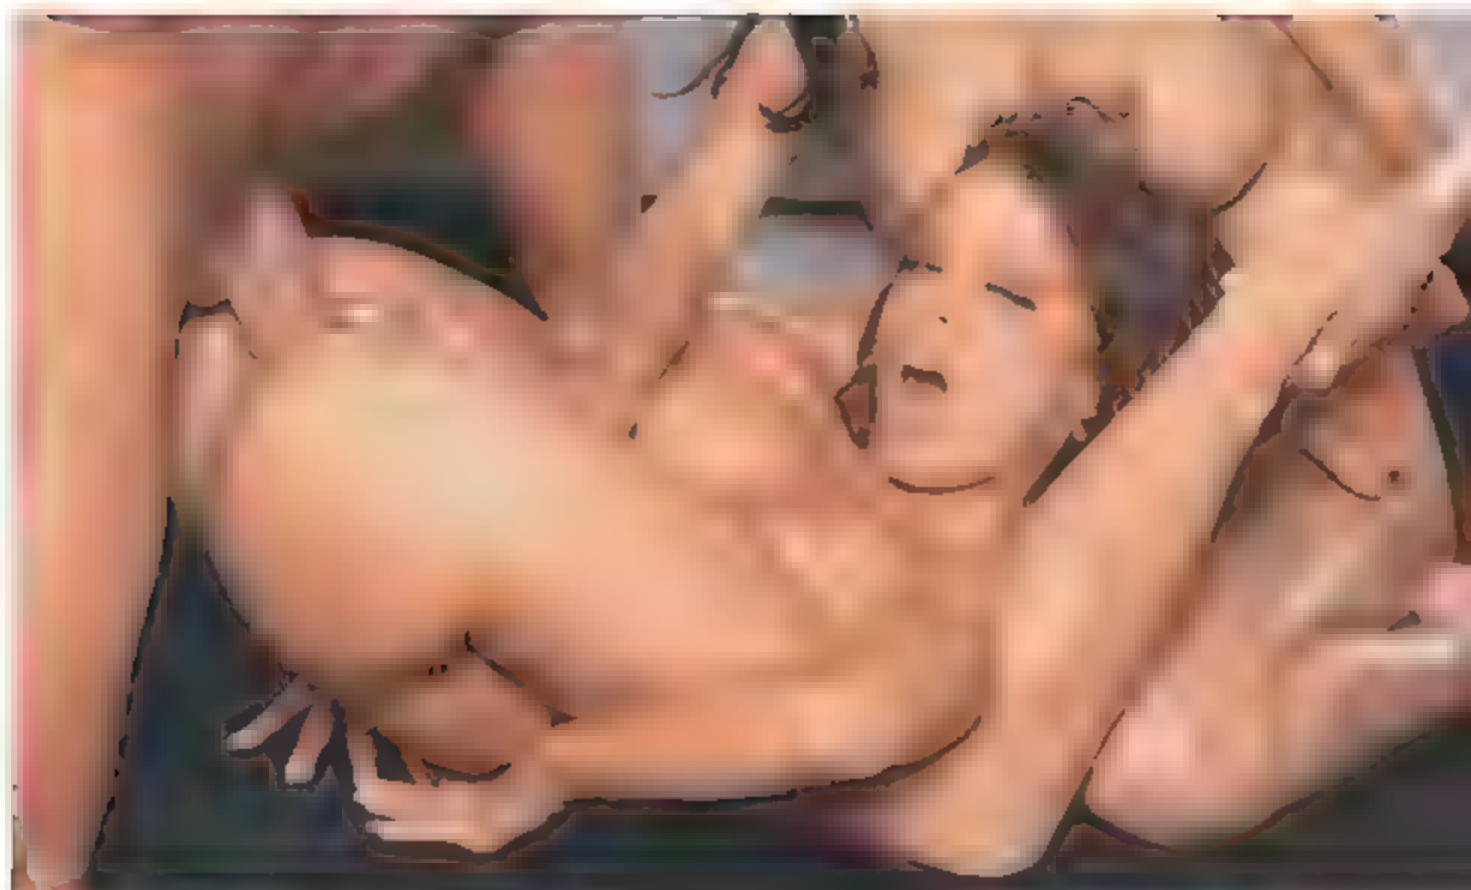

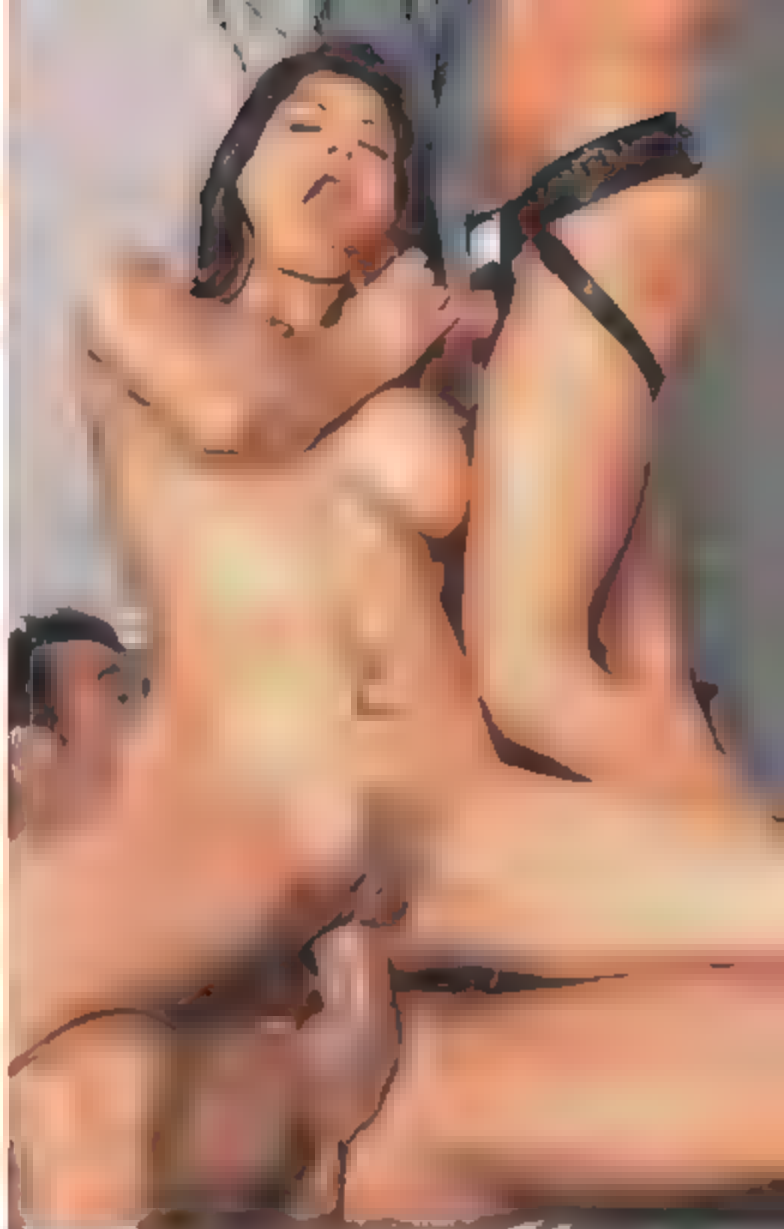

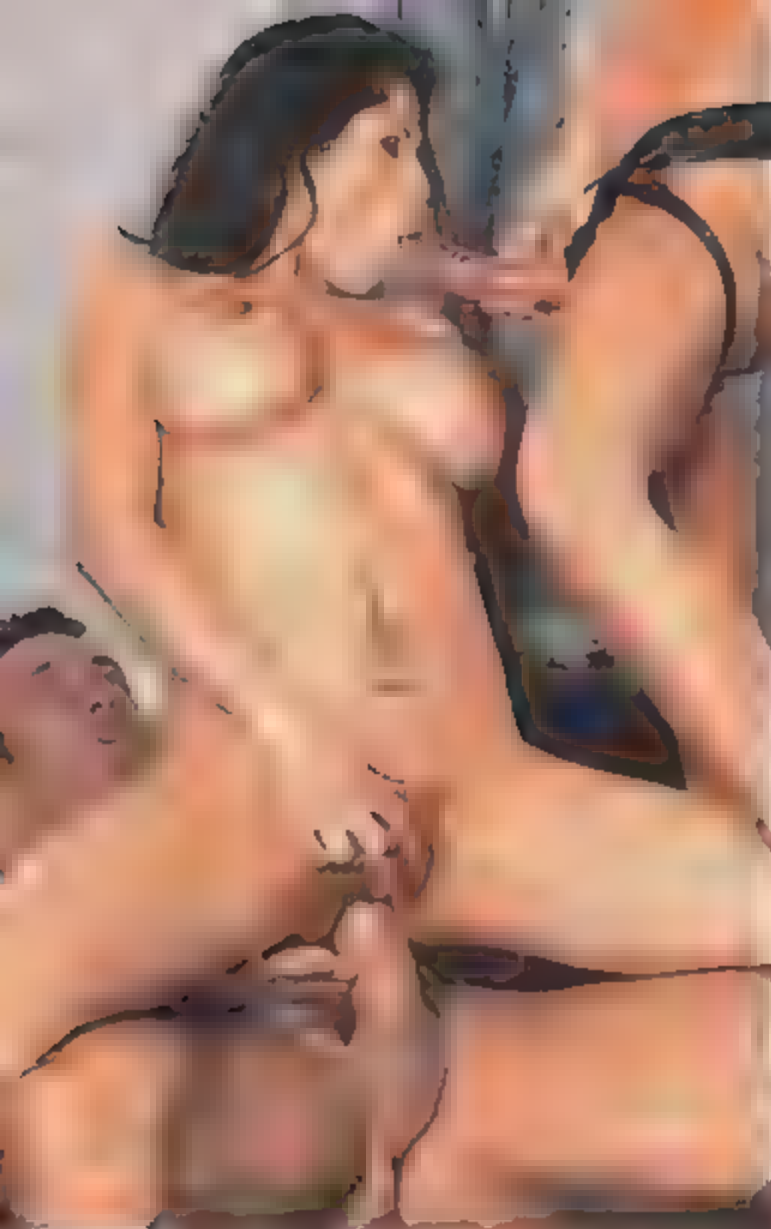

Billy didn't know Alexis  
very well but Vanessa  
was her good friend so  
Billy had asked Vanessa,  
"Why don't you invite her  
over? we been wanting  
to fuck Alexis for a long  
time I'd love to fuck her  
in the ass and then  
come in her mouth."  
Vanessa laughed and  
said "You dirty rotten  
bastard. There's no way  
I'm inviting her over  
here unless you include  
me in the fun and fuck  
my ass too. And I'll be  
damned if I'll let Alexis  
swallow all your cum.  
I want a mouthful, too."

By the time Alexis Amore arrived Billy and Vanessa were ready for her. And Alexis it turns out, was also ready. "I want to fuck you both," she said. "Better yet," she added, pulling a strap-on dildo out of her purse, "want both of you to fuck me at the same time, front and back. I want to suck your pussy, Vanessa, and your cock, Billy, then I want you both to fucking DP my pussy and my ass so hard, I won't know whether to shit or go blind." Who could resist an invitation like that? Wouldn't it be great if you had friends like Alexis who were ready to come to your place at a minute's notice, demanding that you fuck her brains out?
